Purpose Statement:

This fund was established to account for local and state matching funds on a federal project to establish a commuter rail line between the cities of Wilsonville and Beaverton.

Service Program Description:

1. ***Commuter Rail:*** Accounted for local and state matching funds on a federal project to establish a commuter rail line between the cities of Wilsonville and Beaverton.

Fund Closed

The Commuter Rail fund was closed during the 2006-07 fiscal year. The project activity this fund accounted for was completed during the current fiscal year (2006-07) and remaining commuter rail-related activity is being administered by Tri-Met. All resources were expended from the fund prior to its closure.
