City of Cornelius

Measure No. 34-234

Ballot Title

Five Year Fire Services Local Option Levy

Question: Shall Cornelius impose \$0.487 per \$1,000 of assessed value each year for 5 years for fire services operations beginning 2015-2016?

This measure may cause property taxes to increase more than three percent.

Summary: This measure would authorize a new local option levy to fund fire services in Cornelius. Funding from the levy would supplement operation expenses paid for by the general fund including but not limited to paying for two career staff positions and making funding available for the continuation of the intern program. Current grant funding for the intern program is set to expire in July 2015.

The minimum number of firefighters necessary to assemble for a residential fire is 12. The minimum number of firefighter/EMTs necessary for a cardiac arrest is 5. Currently there is one career firefighter and four interns on duty per day in Cornelius. There are 48 volunteer firefighters – only ten of whom live in the City – who provide additional support to reach the required staffing levels. Due to absences such as sick leave, there are times when no career firefighter is on duty.

The levy would provide funding to allow the City to maintain at least one career firefighter on duty at all times and continue the intern program after funding expires.

The estimated amounts to be raised annually by this levy are:

2015-2016	\$ 281,802
2016-2017	\$ 287,438
2017-2018	\$ 293,187
2018-2019	\$ 299,055
2019-2020	\$ 305,031

a full-time paramedic to respond to health care emergencies a majority of the time given that approximately 80% of the daily calls for service are medical calls. Most of the time the Department must rely on neighboring agencies for advanced life support services (like heart attacks and severe injury from traffic accidents, etc.), but they are not always able to respond if they are taking care of their own residents first. If approved, the levy would provide a paramedic on a routine basis (one on each shift), consistent with the staffing levels or the City's surrounding communities.

What Will the Levy Cost and Services Provided?

The City of Cornelius is asking voters to approve a 5-year levy that will cost 48.7¢ per \$1000 of assessed value. For the average \$200,000 home, this would be approximately \$96 per year.

The levy would maintain the current Intern Program at its existing level. In addition, it would fund two additional firefighter/paramedic positions that would help provide 24-hour coverage for a full-time paramedic to respond for advanced life support needs – thereby lessening the reliance on neighboring jurisdictions for such services and providing consistent advance life support in Cornelius for the first-time.

Submitted by:
City of Cornelius-Rob Drake, City Manager

Explanatory Statement

Cornelius Fire Department 5-Year Local Option Levy

The Cornelius Fire Department operates with four full-time fire professionals and provides additional responders with interns and volunteers. Cornelius Fire Department is called a combination department, since it utilizes both career and volunteer firefighters. On a daily basis, there are three interns serving under the supervision of one full-time fire professional, per shift. In addition, when available, there are 48 volunteers who provide assistance, but none of the volunteers work for the City and only 10 live in the city. Generally, none of the volunteers can respond during the day because of employment obligations, but they can help on evenings and weekends by responding from home when available.

Two federal grants have funded the Intern Program for the last eight years. These grants expire June 30th. Because of this, the Department will not have interns to assist the full-time professionals. This will result in only one career fire professional per shift (with assistance from any available volunteers who are able to respond). Because it takes a minimum of three firefighters to staff a fire truck, unless volunteers are available, the Department will not be able respond to an emergency call.

If approved, this measure would provide for a 5-year Local Option Operating Levy, which would fund the Intern Program and maintain the current level of staffing for the Department by replacing the expiring grant funds. In addition, this levy would add two firefighter/paramedic positions. Currently only one of the full-time fire professionals is a firefighter/paramedic. He works only 40-hours a week, which leaves the Department without

No Arguments in Opposition of this measure were filed.

City of Cornelius

Measure No. 34-234 Arguments

Argument in Favor

Our fire department represents everything good about "community". The idea of community is that each person performs a different task so that we all don't have to do everything ourselves. The Cornelius Fire Department is made up of community professionals and volunteers that we all rely on to protect our families.

Whom do you call when you need help right away? The fire department. Who staffs our fire department? There are three paid firefighters that take turns providing 24-hour coverage – only one per day. It takes a minimum of three people to staff a fire engine. During the work day, because all of our volunteer firefighters work outside the city, there are no volunteers available. The city has filled this gap by implementing a firefighter intern program that uses college students working on their fire degrees. This program has been funded for the last eight years through federal grants. The grant money has run out and it is now up to us to continue this program. The grants have allowed us to prove the effectiveness of our intern program.

Our fire department responds to our fires, our car accidents, and our medical emergencies. Currently, our fire department does not have the ability to provide consistent paramedic-level medical care. Passage of this levy would also allow us to hire two additional firefighter/paramedics, to provide the same level of medical care as our neighboring communities currently get. These two career firefighters would also help provide the necessary leadership and supervision to our college intern firefighters.

The proposed five year levy will support the community by continuing the firefighter intern program that respond to our emergencies, and providing advanced life support firefighter/paramedics to our community. Please join us in voting in favor of the five year levy. Our fire department deserves our support.

Cornelius City Council
Jeffrey C. Dalin, Mayor
Dave Schamp, Council President
Steve Heinrich, Councilor
Jose Orozco, Councilor
Harley Crowder, Councilor

This information furnished by:
Committee for Sustainable Cornelius Fire Services

Argument in Favor

Our fire department is a critical life-saving part of our community. They are there for us when we have a fire, a medical emergency, or a vehicle accident. They meet our request for help over 1200 times a year, and they do this mainly with one career firefighter and three intern firefighters on each shift (there are three 24 hours shifts). This system will continue to serve us until July 1, 2015, when the federal grant that funds our intern program expires.

We have had this grant for eight years, but it is now time for us to fund this. This is critical to our community and our fire department. It takes a minimum of three firefighters to staff an engine. We will not have that ability if we allow our firefighter intern program to die.

The levy will cost most of us less than \$100 per year. The money this levy provides will allow us to hire two additional career firefighters and maintain the nine intern firefighters. This is crucial to our communities safety. By hiring the two additional career staff, we can always have one career firefighter on duty. Right now, when one is on vacation or sick leave, there is no one to cover them.

A YES vote funds our firefighter intern programs and allows our fire engines to respond. It also gets us to hire two firefighter/paramedics, which gets dependable paramedic response to our community for the first time - just like all of the neighboring communities.

Please join us in voting YES - for our community and our fire department. They have always been there for us. Let's be there for them.

Ralph Brown, Former Mayor of Cornelius

Christian Viera, Owner, High Tech Crating

Brad Coffey, Former Cornelius City Councilor

Phil Duncan, Firefighter

Forest Grove/Cornelius Chamber of Commerce Board of Directors, Jerrod Sherwood, President of the Board

This information furnished by:
Committee for Sustainable Cornelius Fire Services

Argument in Favor

Do you know what it is like to have a life threatening illness or emergency affect yourself or a family member and needing help? Have you ever called the fire department for that help?

This February I was having difficulty breathing and my family called 9-1-1. I was thankful to have four firefighters show up, one career and three interns. Their response time was fast and the firefighters were very professional.

Our firefighter intern program is funded by a federal grant, which will expire soon.

We are at risk of losing the intern program on July 1st unless we vote YES on this levy!

Our department needs these people, and more importantly, our community needs them!!!!

The Cornelius Fire Department is an outstanding organization that does amazing things for our community, from day-to-day emergency responses to the Annual Fire Department Crab Feed and Holiday Toy Drive. They do this and much more with very few people. On any given day there is only one career firefighter and three interns on duty.

Voting YES on the levy maintains our firefighter intern program, will make sure there is always a career person on duty to help lead and guide them, and for the first time, gets our community paramedic-level care.

Please join me in voting YES on Measure 34-234!

Recreation and Park Management, BS

Prior Governmental Experience: Banks School Board position #3;
Banks Public Library Commissioner

I have had the privilege of serving on the Banks School Board for the past six years. During that time we have endured budget cuts that greatly affected our programs. However, we also have had many people both as educators and community members stepping up to make sure our students are given a quality education.

Things are looking better now, although adequate state funding is still questionable. We are beginning to add staff, programs, and technology. We have pride in our nearly finished Banks Middle School. We are focusing on our mission to provide the best facilities, most challenging curriculum, highest qualified, dedicated staff and broadest variety of opportunities.

Current challenges for education include teaching state mandated Common Core State Standards while using Smarter Balanced assessments. As a recently retired teacher, these are areas of high interest for me. From what I have seen, Banks has the positive go forward attitude needed to make these mandates successful.

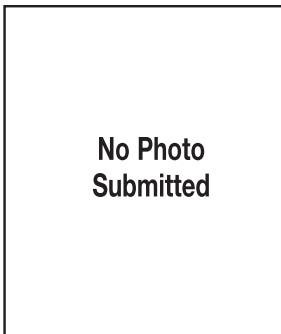

I would like to continue using my background in education to support the members of the Banks School District in building a strong future for our students. I am proud of the education our children receive; I am proud of the teachers and staff that continually challenge the students to succeed; I am proud to be part of the process.

Please show your support and vote.

Technology, Management, SB

Prior Governmental Experience:
Banks School Board Budget,
Technology, and Superintendent
Selection Committees

Top priorities: new high school; increase community participation;
improve School Board transparency

I've lived in Washington County 25 years, six in the Banks school district. In 1880, my great-grand uncle Simon Benson (Benson Tech, Benson Bubblers, etc.) came to the Portland area from Wisconsin with my great-grandparents. Growing up in a military family, when my dad was not on active duty we lived in Washington County. After graduating from Hilhi in 1976, I attended MIT in Cambridge, MA where I got a great education and technology skills that I've used since to write custom application software.

In 1997, my love for this area and a desire to be closer to family brought me back to Washington County. Since returning, in addition to my current contract at PGE, I've worked for Nike, FEI, Radisys, Vestas and Intel—in fields where I rode my bike and picked strawberries as a kid when Hillsboro had 15,000 people and our community was half commuters, half farmers. Much has changed here since then. I've visited 46 states, and travelled extensively around the world. Nevertheless, this is still the best place in the world to be.

Learning is one of life's great joys. For me, it's science and technology making the fast-paced changes of my vocation possible. It's music, which I've loved from the day I started playing trombone in sixth grade through my five recently recorded albums. It's my college minor in short story writing, and it's nature—a passion from my days as a Boy Scout and Outdoor School counselor at Hilhi to my last ten years as a wilderness hike leader.

I bring a distinctive range of skills and experiences that would complement the board's capabilities. I'd like to add them to the Banks School Board. Thank you for your consideration.

Forest Grove School District #15

Director, Position 4

L M (Kate) Grandusky

Occupation: Retired.

Occupational Background: Forest Grove School District, Facilitator/Teacher; Hillsboro School District, Special Education Teacher

Educational Background: Portland State University, Special Education Teacher, Bachelor of Science

Prior Governmental Experience: Elected School Board Director of Forest Grove, 2011 to Present

I choose to continue working as a school board member to provide assertive representation for parents, students, and those who value small community schools. My life's work has been to advocate for students and teachers to be the best they can be.

I have two children who attended K through 12 in the Forest Grove School District. I have 22 years experience in the F.G. and Hillsboro School Districts. I began as a classroom aide, and with an advanced degree, became a Special Education Facilitator and Case Manager. My work required that I communicate effectively with administrators, parents, teachers, and staff.

Kate has provided results:

- * Provided literary exposure to kindergartens on a weekly basis
- * Volunteered at Joseph Gale, Diley, and Tom McCall in areas of reading, math, and after school activities
- * Provided weekly evening usage of year-round access to Gales Creek Elementary School Library to the community and children
- * Provided assistance in obtaining a Laura Bush Book Grant for Cornelius Elementary School
- * Advocated and obtained a yearly budget for new books in our school libraries with support of other School Board Members
- * Participated in community, county, and state events and meetings to advocate the importance of educating our students with adequate funding

As a member of our School Board, Kate will:

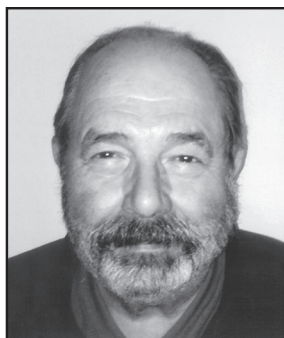

- * Advocate every possible dollar available to reduce class size
- * Better support for teachers in the evolving progressive educational environment of our students
- * Continue to lobby the state legislature for our fair share of school funding
- * Encourage broader participation of the community at school board meetings, community events, and specific committees of the school district
- * Strongly advocate for the continued unique sense of community created at each of our schools and advocating no more school building closures and the re-opening of Gales Creek Elementary School

Thank you for your support and vote.

Director, Position 5

Don B Hennig

Occupation: Bio-Applications LLC, Portland, OR

Occupational Background: Professional Engineer; Projects Manager; Facilities Manager; Certifying Engineer

Educational Background: State Univ, New York, Stony Brook, Engineering Science, BS; Empire

State University, Ethno-Musicology, None

Prior Governmental Experience: None

Gales Creek resident and taxpayer in school district over 30 years. Two children, through FG School district. Wife of 40 years is educator and teacher. I am a project manager with decades of budgets and contracts management experience.

My school board budget and general voting priorities will be:

1. School District Taxpayers
2. Students and Parents
3. Teachers and Aides
4. Facilities Development, Maintenance and Operational Costs
5. Administration Effectiveness and Administrative Costs

I will seek to restore the currently discontinued practice of a school board member attending student expulsion hearings. To date, this is the only statewide school policy issue I have identified.

I will protect tax dollars. I will demand a budget format and a budget review process that is "public friendly". The biennial FGSD Budget should include a one page summary breaking out head-counts and costs for "in classroom" personnel, administrative personnel and other district operations costs.

I will seek transparency and accountability for administrative and all district operations costs. I believe actions to improve staff morale district wide should be a key administration goal. Declining student enrollment and poor staff morale should be specifically addressed in administrators' annual performance goals.

I will recommend all administrators spend 2 hours a week in classrooms, not just "observing" but in "student interaction" roles. Administrators need to better understand the current daily challenges and realities of teachers, aides and students in the Forest Grove School District.

I will support K-12 bicultural education and in-school libraries with multi-cultural books and other multi-cultural resources.

I will work to reopen Gales Creek Elementary and keep Diley Elementary open.

Thank you for your consideration and, hopefully, your vote.

Christian Honl

Occupation: Engineering Manager, Intel Corporation, 1996-Present

Occupational Background: Intel Corporation

Educational Background: University of Washington, Electrical Engineering, BSEE, 1991-1996; Astoria High School, General, Class of 1991

Prior Governmental Experience: Precinct Committee Person, 2014-Present; Alternate Delegate for Washington County, 2014-Present

As a manager for Intel Corporation over the last 15 years, I've learned the most significant thing you can do as a leader is to provide direction and guidance and fulfill the needs of those who rely on you. I will employ these same skills to providing a pathway for success in our schools, supporting our teachers, and first and foremost, making educating our kids our first priority.

"Christian will be a great asset to our school board. His knowledge of the issues, leadership experience, and passion for putting kids first are exactly what Hillsboro needs right now." – Shawn Lindsay, former state representative, Hillsboro.

As your school board director, I will:

- Provide experienced leadership, management skills, and a fresh perspective to decision-making
- Bring creative and innovative teaching methods to the classroom through technology
- Establish greater relationships between our schools and the business community
- Develop partnerships with local colleges and businesses to prepare students for their future in higher education and the workforce
- Prioritize spending and require more transparency about allocations of funds
- Collaborate with students, parents, teachers, staff and administrators to determine needs
- Build consensus among board members to problem-solve and support the district to the best of our ability
- Find ways to reduce classroom sizes, giving our teachers more one-on-one time with students
- Work closely with our state legislators to ensure Hillsboro's needs are being addressed at the state level

"Christian's vision for innovation and creativity in the classroom is inspiring and will be a fresh approach to education in our district." – Katie Eyre, former state representative, Hillsboro

Bart Rask

Occupation: Orthopedic surgeon

Occupational Background: Hillsboro Orthopedic Group, 1998-present; Assistant to team physicians for NFL Indianapolis Colts 1997-98, NBA Boston Celtic 1991-92.

Educational Background: Oregon Health Sciences University, Medicine, MD; Boston University, Orthopedic surgery, residency; Harvard University, Sports medicine, fellowship; Indiana University, Sports medicine, fellowship.

Prior Governmental Experience: Oregon State Board of Athletic Trainers, appointed by Governors Kitzhaber and Kulongoski; Hillsboro Schools Citizens Curriculum Advisory Committee.

As a father to six children, five of whom attend our public schools, my job is to protect and provide for them. Serving our school district will be no different. Our focus should be on ensuring all students receive the quality education they deserve to set them up for success.

Supporting Teachers

We must find solutions to reduce classroom sizes so teachers can spend individual time with students. Teachers need sufficient time to prepare course plans and critique homework, and freedom to be creative and innovative in the classroom.

Budgeting Better

By prioritizing spending, we can replace textbooks, reinstate after-school programs, develop curricula to prepare students for careers who do not choose college, and protect teachers' pay—all without cutting school days.

Experienced Leadership

I've worked with the Citizen's Curriculum Advisory Committee, mentored students for the job shadow program, and since 1999, have been a regular public school lecturer and classroom volunteer. I have been the team physician for Hillsboro High School since 1998, and along with Tuahly Hospital, introduced the state's first low-cost, pre-season physical exam program for student athletes.

"For 17 years I have witnessed first hand Dr. Rask's dedication to the students of Hillsboro."
Steve Drake, Athletic Director, Hillsboro High School

Hillsboro School District 1J

Portland Community College

Director, Position 5

Director, Zone 7

Christopher A Barry

Occupation: Sr. Mortgage Banker

Occupational Background: Past President, Oregon Association of Mortgage Professionals; Chairman of Ethics Committee, Oregon Assoc. of Mortgage Professionals; Cub Master, Pack 260 Hillsboro, OR; Foster Parent; Soccer Coach; YMCA Youth Basketball Coach

Educational Background: Cal Poly, San Luis Obispo, Political Science

Prior Governmental Experience: Hillsboro School District Budget Committee Member; President, Washington County Sheriff's Office Foundation; Legislative Committee, Oregon Assoc. of Mortgage Professionals; Board of Directors, Open Door Counseling Center; Public Policy Committee, Hillsboro Chamber of Commerce

When I speak to parents about Hillsboro schools, I hear the following:

"Class sizes are too large. "

"Teachers are too stressed out. "

"The Schools have enough money already. Why can't they show greater improvement and results?"

As a father of three kids in the Hillsboro School District, I am passionate about the education of our children. I got involved with the Hillsboro School District Budget Committee to educate myself about the facts regarding the finances of the School District. I've found out where the school district gets their funding and what kinds of programs and mandates compete for the limited amount of financial resources. This multi-faceted array of funding sources that fluctuate and cannot be relied upon can cause shortages that lead to budget shortfalls that stress out the school district and the community. I will work to ensure our schools get the money they need in a more reliable way, and put that money to programs that will create better outcomes for our students.

My past experience running and working on committees and boards, managing budgets and meetings consisting of people with differing opinions, gives me experience, strategies and ideas that will be valuable to the School District. Together we can work to improve the system and educational experience for our students.

I am asking for your vote. Together we can make a difference for our children and their future.

Thank you for your consideration.

Endorsed by Sheriff Pat Garrett, Washington County

Deanna Palm

Occupation: President, Greater Hillsboro Chamber of Commerce, 2001-present; PCC Board Member Zone 7, 2009-present

Occupational Background: Portland Metropolitan Chamber of Commerce 1984-2001

Educational Background: Portland Community College, Business and Information Systems, A.A.S, 1984; Banks High School 1981

Prior Governmental Experience: Hillsboro 2020 & 2035 Vision Implementation Committee

Prior Community Service: Hillsboro Community Foundation, Workforce Investment Board, Oregon State Chamber, Hillsboro Rotary

Dear Voter,

I am currently your Portland Community College Board Member and I would appreciate your vote to continue my service helping PCC prepare people for the future.

I am a **lifetime Washington County resident and a graduate of Portland Community College.** I have been successful in my career as a chamber of commerce executive because of the opportunities I received at PCC.

As President of the Hillsboro Chamber, my focus is on assisting, growing and recruiting businesses to provide jobs. The excellent education and training PCC provides is vital to achieving our economic development goals. **A well-trained, skilled workforce is the key to Oregon's economic future.**

As your Board Member, **I will continue to advocate** for PCC to be responsive and adaptable to our rapidly changing workforce needs **so our graduates are successful and can find employment here.**

These are tough budget times, but we won't let that stop us. Students are more price-sensitive than ever before. I am committed to ensuring that we remain accessible to any student who wants to further their education and learn a trade that will increase their earning power. **I am helping raise more money from our community and local businesses to help hundreds more students achieve their educational goals through scholarships and innovative programs like Future Connect.**

At PCC, we are doing more with less. I want to continue to help.

I appreciate your vote,
Deanna

Tualatin Valley Fire & Rescue District

Director, Position 4

Randy Lauer

Occupation: General Manager, American Medical Response

Occupational Background: Buck Medical Services/American Medical Response 1981-present; Paramedic, Supervisor, Training Officer, Manager. U.S. Coast Guard 1975-2007, Retired Master Chief.

Educational Background: Howard High School (South Dakota), Diploma; Oregon Health Sciences University, Advanced Paramedic Training; Portland State University, General Coursework.

Prior Governmental Experience: Tualatin Valley Fire & Rescue Board of Directors Position #4, 2011-Present; Tualatin Valley Fire & Rescue Budget Committee, 2010-2011. United States Coast Guard, Retired Master Chief, 32 years of service.

I've had the honor to serve you on Tualatin Valley Fire & Rescue's Board of Directors for the last four years, the most recent two as Vice President. I am asking for your support so I can serve our community for four more years.

As a 34-year District resident, my goal is to ensure that our residents receive fast and effective fire and emergency medical response, with a focus on constantly improving service. I have nearly four decades experience in emergency medical services (EMS), beginning on a volunteer ambulance service, continuing with the U.S. Coast Guard, and then as a Paramedic, trainer, supervisor and manager with American Medical Response.

By being forward thinking and collaborative, TVF&R has become a leader in the dynamic field of EMS. This is vital since more than 80 percent of TVF&R's incidents include medical care. EMS is also a component of healthcare, and successfully navigating the changing course of healthcare requires a focus not only on improving care, but also reducing the cost of care. TVF&R is well poised to excel in the new landscape of healthcare and emergency services because of the hard work by your Board of Directors, the Fire Chief and his Staff, and firefighters on the front line. If reelected, I pledge to continue applying my EMS and business management experience to help TVF&R continually enhance services and make the most effective use of tax dollars.

Endorsed by the Tualatin Valley Firefighters Union, IAFF Local 1660

Director, Position 5

Brian Clopton

Occupation: Private business owner

Occupational Background: Owner/operator of a construction company for more than 30 years

Educational Background: No formal education

Prior Governmental Experience: Board of Directors for Tualatin Valley Fire & Rescue (1998-2015)

Committed to our community. For nearly two decades, I've championed smart financial management, excellent customer service, and the right resources to provide citizens with fast and effective emergency response.

As a life-long resident of the fire district, I've seen significant growth and have helped establish policy to plan for today and the future. I've supported our culture of cooperation with partners so that decisions about infrastructure and operations aren't made in a vacuum.

As a private business owner, I feel conservative financial management is a key priority. I've had to make tough decisions to keep my business afloat during recessions, and I understand that many of our citizens are on fixed incomes. I apply that experience and knowledge to TVF&R. Working with the fire chief and staff, our Board has provided guidance to ensure all of our fire station and facility construction over the last decade has been done on time and within budget.

I understand our firefighters. During my tenure, I've taken the time to get to know our firefighters and understand their work. I've earned their respect through a shared commitment to service, stewardship and safety.

Washington County Fire District 2

Director, Position 3

Robert (Butch) Kindel

Occupation: Retired

Occupational Background: Cleaner/Manager for agriculture seed cleaning and processing facility.

Educational Background: Hillsboro High School, General, Graduate

Prior Governmental Experience: Appointed to North Plains

Planning Commission, 1976-1980; Elected, North Plains City Council 1980-Present (Mayor eight of the 35 years); Appointed to Community Development Block Grant Program, 1986-Present; Charter Member, North Plains Chamber of Commerce, 1986-Present; Washington County Fire District #2, Board of Directors, 1998-Present.

I have lived my entire life in Washington County, and have resided in the city of North Plains for 42 years.

I volunteered as a firefighter for Washington County Fire District 2 at the North Plains fire station from 1968 to 1998, and as a long-time volunteer, helping strangers, friends, and neighbors was a rewarding experience. One I would do all over again.

I currently serve on the Washington County Fire District #2 Board of Directors, and I am asking for your support to continue the mission – To provide the highest quality of emergency services possible to our citizens.

Director, Position 4

Mike Thompson

Occupation: Farm Machinery Sales at Ag West Supply, 28 years.

Occupational Background: None

Educational Background: Hillsboro High School, General, Graduate

Prior Governmental Experience: none

Mike Thompson has served the WCFD #2 for 21 years between 1981 and 2013, retiring in 2013 as the volunteer battalion chief. He has lived in the district for 36 years. Mike has also worked for Ag West Supply for 28 years serving as the store manager for three of them. During that time he has continuously served the agricultural community and home owners of Washington County. He wants to ensure that the best decisions are made for the tax payers, employees, staff and volunteers of Washington County Fire District #2.

Tualatin Hills Park & Recreation District

Director, Position 4

John Griffiths

Occupation: Intel Corporation:
Finance, materials, logistics, and
business development positions
over the last 30 years.

Occupational Background: Airport
positions with Scandinavian Airlines,
Hughes Airwest, and Republic
Airlines; Fire and rescue positions
with the National Park Service at
Crater Lake National Park and Mesa
Verde National Park.

Educational Background: Institute of Management Accounting,
Management Accounting, CMA; UCLA, Management, MBA; UCSB,
History, BA

Prior Governmental Experience: THPRD: Board of Directors and
Land Acquisition Committee; THPRD Foundation: Board of Trustees;
City of Beaverton: Budget Committee; Metro: Parks and Greenspaces
Advisory Committee, Natural Areas Bond Measure, and Maintenance
Levy committees.

I ask for your vote to continue to serve our community on the Tualatin Hills Park & Recreation District Board of Directors ("THPRD"). As the leading park and recreation provider in Oregon, THPRD continues to experience high demand for its services in the face of tight budgets. I will continue to ensure that THPRD provides the highest service level and best facilities for the dollars expended while remaining responsive to the needs of our growing and increasingly diverse community.

My priorities are to:

- Ensure sound fiscal management and efficient use of THPRD's limited resources.
- Increase our partnerships, as exemplified by the announced agreement with the Beaverton School District whereby THPRD will build a multipurpose athletic field and community park complex at Mountain View Middle School in Aloha.
- Work with Metro, the City of Beaverton, and others to complete trail connections and to preserve at-risk natural areas, especially in expanding sections of the District like South Cooper Mountain.
- Ensure that THPRD meets or exceeds the commitments it made as it completes the final projects associated with the \$100,000,000 bond approved by the voters in 2008. As of the end of fiscal year 2014 two-thirds of the funds have been invested into 68 completed bond-authorized park, natural area, trail, sports field, and facility-related projects, with another 50 in-progress, as well as the acquisition (so far) of 141 acres of land.

Tualatin Valley Water District

Commissioner, Position 4

Lars D H Hedbor

Occupation: Technical Consultant, Writer, Historian

Occupational Background: Software Product Manager, experience in GIS, medical devices, research administration

Educational Background: Defense Language Institute, Korean

Prior Governmental Experience: South Hero (Vermont) Planning Board, US Air Force

The work of the Tualatin Valley Water District is largely invisible, but we rely upon it every time we turn on the tap for a glass of water. It's critical that the leadership of this agency has **unquestionable personal ethics** and an unwavering commitment to the best interests of the ratepayers who depend upon their work.

I've lived in the metro area for decades, and have served our community in a wide range of nongovernmental organizations, ranging from science to education to politics. I'm eager to **extend that service** to represent a larger group of my friends and neighbors.

I am a passionate and informed advocate for wise and balanced conservation efforts, and deeply appreciative of the need to **safeguard our water supply** today and for generations to come. I believe it's essential that TVWD makes decisions based on careful consideration of all factors, and not just institutional inertia.

Our current budget projects continued **sharp rate increases** to pay for large capital projects, following inflation-adjusted **increases of over 160%** under my opponent's leadership. I want ratepayers to understand whether these reflect choices that best serve their needs, or other priorities and interests.

In helping to guide the leadership of an agency whose biannual budget is approaching a **quarter of a billion dollars**, I hope to improve TVWD's transparency and openness, and to further the board's record of inviting input from the ratepayers we represent.

My skills in building **trust based on mutual respect** will enable me to be a highly effective member of your TVWD board, working together with the entire team to ensure that we meet the important goals of this crucial organization. I look forward to representing your needs as your next TVWD commissioner.

hedbor.tvwd@gmail.com

Commissioner, Position 4

Richard P Burke

Occupation: Information Consultant and Public Policy Advocate, 2000 – present.

Occupational Background: Computer Network Consultant, 1989-2001.

Educational Background: B.S., Social Science, Portland State University, 1989.

Prior Governmental Experience: Elected TVWD Commissioner, 1999-present, current TVWD board president; Chair, Bull Run Regional Drinking Water Agency, 2002; 15-Year Member, American Water Works Association; Legislative assistant, Oregon State Senate, 2001; Elected Local School Committee member, Beaverton School District, 1994, 1997.

RE-ELECT RICHARD P. BURKE "PROVEN PERFORMANCE"

- **Continuity and Stability**

TVWD is protecting our region from natural disasters and other hazards by developing multiple water sources. While maintaining access to Bull Run water, breaking Portland's monopoly will save more than \$1 billion over time and enhance our region's economic independence. This will also attract investment and family wage jobs. I've worked on this project since 1999 will use my experience to see the project through for the benefit of us all.

- **Saving Ratepayers Money**

I took the lead in weaning TVWD completely off property taxes, which was accomplished in 2005. TVWD operations are now funded by water rates, not property taxes. Despite annual increases in the price of water we buy wholesale from Portland, TVWD has kept water affordable while encouraging conservation, improving water quality, and maintaining our water delivery infrastructure.

- **Responsive to the People**

Before supporting the development of new water sources, I insisted that TVWD conducted an extensive public input process. As board president, I increased the time each person is allotted to testify on any issue. I fought to ensure that no outside agency imposed changes on fluoride policies established by our ratepayers. I've presided over many public hearings on conservation, fluoride, water safety, and other issues. I have always remembered that we work for you.

It is an honor representing you as a TVWD commissioner. If re-elected, I will continue working with our board, staff, and ratepayers to secure clean, safe and affordable water for ourselves and future generations. Thank you.

Tualatin Valley Water District

Commissioner, Position 5

Jim Doane

Occupation: Retired Civil Engineer, now Community Volunteer

Occupational Background: Tualatin Valley Water District (TVWD) Commissioner; Retired Chief Engineer, City of Portland Water Bureau; Engineering Consultant

Educational Background: BS Engineering, UCLA (cum laude); MS

Civil Engineering, California State University Long Beach

Prior Governmental Experience: Past member Oregon Seismic Safety Policy Advisory Commission and Oregon Board of Examiners for Engineering and Land Surveying

Jim has been a Board Member of TVWD since the late 1990s.

Jim and his family have enjoyed the benefits of living in the TVWD service area for nearly 40 years. In 2002, Jim retired from an engineering career with the Portland Water Bureau. Among his responsibilities was the supervision of the award winning residential and commercial water conservation programs and protecting water systems against disruption by natural and human caused events. Jim was "Oregon's Government Engineer of the Year" for 2001. In 2013, he was awarded the American Water Works Association Distinguished Public Service Award.

Jim is a volunteer counselor at several nonprofit youth camps.

Jim knows that over the next four years TVWD will face critical decisions such as:

- **Water Quality**---It is necessary for TVWD to review the existing and proposed water quality standards set by the EPA and the Oregon Health Division to see if they provide sufficient protection, especially for young children. If they do not, then TVWD must set more stringent standards.
- **Water Quantity**---Intelligent water conservation is the key to ensuring a secure cost-effective future supply.
- **Water Supply**---After an extensive public process, TVWD, in partnership with the City of Hillsboro and potentially others, has embarked on an 11 year plan to tap a third source of supply. Jim will use his extensive engineering background to make sure that the public receives excellent value for its money.
- **Affordable Water**---Jim will use his 40 plus years in engineering to help TVWD keep rates as low as possible.

For all of these reasons, reelect Jim Doane to the TVWD Board.

(This information furnished by Jim Doane.)
