

RROMAC MEETING MINUTES

JANUARY 15, 2004

ATTENDANCE:

<u>Members:</u>	Mark Bauer James Burns Robert Ewers Keith Fishback John Jackson Eldon Jossi Don Logan Wendy Mortensen Joe Rutledge Gary Virgin	<u>Staff:</u>	Dave Schamp Greg Clemmons Victoria Saager Janelle Lockbeam Rich Girard David Ohnstad
<u>Absent:</u>	Adam Mayer Dave Vanasche	<u>Guests</u>	Denny Hruby John Schlegel

WELCOME

Eldon Jossi called the meeting to order at 7:35am. Wendy Mortensen moved to approve the December minutes, John Jackson seconded the motion.

BEST MANAGEMENT PRACTICES

The final document is still being reviewed by County Council. Hopefully it will be reviewed by the end of January. When counsel has reviewed the program it will move on to the Board of County Commissioners for their approval.

David gave a presentation of the BMPRO 2003 contents and handout.

COUNTY GRADING PRACTICES

On January 13th the Gravel Road Subcommittee met to discuss the County's grading practices. Don Logan, Mark Bauer, Joe Rutledge, Dave Schamp, Greg Clemmons, Rich Girard, Don Millet, Janelle Lockbeam, Ed Meeuwsen, and Russell Martin all attended. Staff will develop a rating system with more detail to rutting, washboards, etc. Greg will present it to the committee for discussion.

Some proposed test ideas are:

- Rebasement problem areas
- Lime
- Sand
- 1.5 inch minus rock
- rolling after grading

Location suggestions for test areas are:

- Morlan Road
- Thornburg Road
- Dixie Mountain Road

MINOR BETTERMENT COMMITTEE

13 ton weight limit may be in affect again. Usually affects gravel and LID roads and sometimes in conjunction with timber sales and permits.

Wren Road treated and untreated subdrains do not appear to be different. Strengths in both the areas with subdrains and without appear to have gone up slightly.

Gravel road upgrades; Greg wants to get subcommittee back to do final adjustments. Do need to have road decision before March 1. Roads could be selected near summer grinding projects.

NEXT MONTH's AGENDA

Gravel Road Upgrade discussion – Greg Clemmons

Future Dust Abatement Program – Dave Schamp

Gravel Road Maintenance – Rich Girard

Public Awareness, Gravel Road Speeding – Victoria Saager
