Update – Pedestrian Struck During Two-Car Crash Dies From Injuries

August 1, 2017 – 36-year-old Nathaniel Franciosi, the pedestrian struck during Sunday's traffic crash, died yesterday at the hospital. Mr. Franciosi's family has been notified. The interagency Washington County Crash Analysis Reconstruction Team (CART) continues to investigate. The original media release is below.

Pedestrian Severely Injured During Two-Car Crash

July 30, 2017– A two-vehicle crash ended when an uninvolved pedestrian was struck on the sidewalk along Highway 99W. The road remains closed at this hour while law enforcement investigates the crash.

On Sunday, July 30, 2017, at 6:33 p.m., Washington County Sheriff's deputies responded to a crash with injuries on Highway 99W near the intersection of SW Fischer Road near the City of Tigard. Two vehicles had collided and one of them came to rest on the sidewalk where 36-year-old Nathaniel Franciosi, from Tualatin, had been walking. He was severely injured when he was struck by the vehicle.

Deputies called in investigators from the Washington County Crash Analysis Reconstruction Team (CART) to investigate the crash. They determined that a 2014 Chevrolet Cruze driven by 58-year-old Michelle Marie McMillan, from Tigard, was traveling south on Highway 99W south of SW Fischer Road. She turned east to cross the northbound lanes in order to enter the Avalon Park Apartment complex.

As she was crossing over the north-bound lanes she was struck by a 2011 Chevy Suburban driven by 71-year-old William Blakeslee, from Sherwood. He was traveling northbound and had the right of way.

WASHINGTON COUNTY SHERIFF'S OFFICE

The impact sent the suburban onto the sidewalk where it struck Mr. Franciosi. He suffered life-threatening injuries and was transported to Oregon Health Sciences University (OHSU).

Ms. McMillan suffered non-life-threatening injuries and was transported to OHSU. Investigators believe she had been drinking alcohol prior to the crash.

The investigation is ongoing and no arrests have been made at this time.
