Investigators working on the case said the Kohler family and Mr. Dacus were growing and selling marijuana under the guise of being legitimate growers for themselves and other patients in the Oregon Medical Marijuana Program (OMMP). They had marijuana growing at 2089 SE 73rd Avenue. Detectives seized 43 plants from the residence. The suspects were also selling prescription medications. Between the two residences, detectives seized 3.75 pounds of marijuana, 59 Morphine Sulfate pills, 196.5 Amphetamine Salt pills, and four firearms.

All four suspects were charged with Distribution, Manufacture, and Possession of a Controlled Substance. They were all booked into the Washington County Jail. The investigation is ongoing and no further details are available at this time.
