**Purpose Statement:**

This fund was established to account for local and state matching funds on a federal project to establish a commuter rail line between the cities of Wilsonville and Beaverton.

**Service Program Description:**

1. **Commuter Rail:** Accounted for local and state matching funds on a federal project to establish a commuter rail line between the cities of Wilsonville and Beaverton.

**Fund Closed**

The Commuter Rail fund was closed during the 2006-07 fiscal year. The project activity this fund accounted for was completed during the current fiscal year (2006-07) and remaining commuter rail-related activity is being administered by Tri-Met. All resources were expended from the fund prior to its closure.
