

MEDIA RELEASE

Washington County Measure 34-310 for ESPD Passes

May 17, 2022

Thank you, Washington County urban unincorporated voters, for continuing with enhanced police services provided through the Enhanced Sheriff's Patrol District (ESPD). Your ongoing support ensures we have the funding necessary to keep our communities safe through rapid response to emergency calls, services on par with nearby cities, and resources for those experiencing homelessness, mental health crises, or substance abuse issues. It is an honor to serve this community, and we appreciate your continued support.

Sheriff Pat Garrett said, "We are happy to see the unwavering support from the community members within the Enhanced Sheriff's Patrol District. It is an honor to continue to provide police services to ESPD and all of Washington County. ESPD is an important reason we call Washington County the safest major urban county in Oregon."
