Revisions to Sherwood City Charter Regarding Certain Election Dates

Question 20 words which plainly phrases the chief purpose of the measure.

Should the Sherwood City Charter language be amended to change the dates on which elections may be held on certain issues? 9-4-19 Remove Sylvia Murphy

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

Currently, the City Charter requires an election to authorize creating certain types of taxes, charges, and fees, or increasing them by more than two percent. If the election is held in November of even numbered years, a simple majority vote is required for approval. However, if the election is held at any other time, even if a majority of voters support the measure, the vote has no effect if voter turnout is below fifty percent.

If this measure is approved, the voter approval described above would still be required. However, the City would have the flexibility to be able to hold the required elections in May of even numbered years and November of any year, regardless of whether voter turnout reached fifty percent. This measure would also relocate the language on this subject from Section 16 of the Charter to a new Section 47. No other changes would be made to the existing charter language.

This measure was referred to the voters by the City Council based on recommendations of the Charter Review Committee.
