Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the May 15, 2018, Primary Election.

Primary Elections provide the opportunity for members of all major political parties to select the nominee who will represent each party in the November General Election.

The state-wide offices on the ballot this year are Governor, Commissioner of the Bureau of Labor and Industries, Judge of the Supreme Court, and Judge of the Court of Appeals. There are also races for your Congressional Representative and your State Representative. Only half of the State Senate seats are up for election this year as State Senators serve four-year terms. You will also see a number of other contests on your ballot ranging from circuit court judges and District Attorneys to county and city offices.

For the first time, every qualified political party, major and minor, in Oregon will be permitted to provide a Voters' Pamphlet statement about their party. The major political parties in Oregon—Democratic, Independent, and Republican—will use this Primary Election to select their nominees for the November Election. Minor political parties—Constitution, Libertarian, Pacific Green, Progressive, and Working Families—select their nominees in various ways according to each minor party's regulations. For the 2018 Primary Election, the Independent Party of Oregon has chosen to allow voters who are not affiliated with a political party to participate in the Independent Party's primary.

I encourage you to study the issues, make your voice heard, and participate in all elections. You can find out if you are registered to vote, or update your address or political party at www.oregonvotes.gov/myvote.

If you are not registered to vote, you must register by April 24 to be eligible to vote in the May 15, 2018, Primary Election. You can register online at www.oregonvotes.gov/register.

Beginning April 25, ballots will be mailed from every county elections office. After you have filled out your ballot, make sure it is physically received by your county elections office by 8:00 pm on May 15. Remember, postmarks do not count. You can return your ballot through the mail or take it to one of the many drop boxes throughout the state. To track your ballot or to find your nearest drop box, visit www.oregonvotes.gov/myvote.

If you have questions about voter registration, filling out your ballot, or getting a replacement ballot, please call our toll-free hotline, 1-866-673-8683 or call your county election official.

As your Secretary of State, I encourage every eligible Oregonian to register and vote in this and every election. I am committed to making voting easy, convenient, and secure.

If you have any questions please give us a call.

Sincerely,

Dennis Richardson
Oregon Secretary of State

Voters' Pamphlet

This is your official State Voters' Pamphlet for the **May 15, 2018, Primary Election**. It is designed to assist you in participating in the Primary Election. This pamphlet also includes instructions for marking your ballot, information for voters with disabilities and domestic violence survivors, and other information to assist you in the voting process.

The Secretary of State has compiled the voters' pamphlet since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. It can also be viewed online at www.oregonvotes.gov.

County Voters' Pamphlet

A county clerk may prepare and distribute a county voters' pamphlet. It includes information about candidates and measures from local governments located within the county.

To save on mailing and production costs a county that prepares a voters' pamphlet may insert the pamphlet into the center of the state voters' pamphlet for distribution. The county insert uses a numbering system that is different from the standard page numbering used in the state portion and each page is clearly marked with a color or shaded bar on the outside edge.

Address Confidentiality Program

Protecting Addresses for Victims

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. Participants may use the substitute address for:

- the delivery of first class, certified and registered mail.
- obtaining an Oregon driver's license or ID card.
- receiving or paying child support.
- applying for a marriage license.
- enrolling dependents in public school.

To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General.

For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-ACP/> or call **888-559-9090**.

Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs, while the Independent Party of Oregon has chosen not to utilize PCPs.

Each precinct is allotted a number of male and female PCPs based on the count of registered voters in the precinct as of January 31, 2018. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must be registered members of the party for 180 days prior to the filing deadline in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election. Only the names of filed candidates appear on the ballot, but spaces are provided on the ballot for voters to write-in as many names as there are PCP positions available in the precinct. Individuals with the highest vote totals will be elected, however, they must receive at least 3 votes (including write-in votes) to be elected.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2018 Primary Election** is:

J, P, Q, V, U, B, Z, Y, A, O, I, D, W, X, L, E, S, T, G, R, M, H, C, F, N, K

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

- Independent candidates by position in ballot order
- Republican candidates by position in ballot order
- Democratic candidates by position in ballot order
- nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Constitution Party

The Constitution Party of Oregon maintains that our true heritage is freedom.

Constitution Party members recognize that our nation was founded by God-fearing men wanting freedom from human tyranny, so they could obey the dictates of their consciences in accordance with the Bible. They applied the principles of the Declaration of Independence when constructing the Republic spelled out in the Constitution of the United States.

We acknowledge that government derives its just powers from the consent of the governed.

We concur with those who framed the Oregon Constitution in the late 1850's. They said in Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

We will lead the way back to the foundations of America's greatness, nominating and/or supporting candidates who are committed to these foundational principles:

Our rights are inalienable, coming from the hand of the Creator. They are not given to us by ourselves or by government. These rights include the right to life from conception until natural death, the right to own property, and the right to choose how to live that life and use that property, without violating the rights of others as determined by a jury of their peers.

Government is Divinely instituted to protect our rights by punishing evildoers and encouraging righteous behavior.

Our system of laws is based on the Judeo-Christian moral code. The one known as the Father of the Constitution, James Madison, told his generation that they had staked the whole future of American Civilization and all our political institutions upon the capacity of mankind for self-government according to the Ten Commandments.

Our nation is a sovereign nation, one nation under God. We must steer clear of entangling alliances with any portion of the foreign world and we must maintain a strong national defense.

The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States. That Constitution is not an instrument for government to restrain the people; it is an instrument for the people to restrain government -- lest it come to dominate our lives and our interests. The Bill of Rights appended to our Constitution has a reminder to the national government that it has only the powers delegated to it by 'We the people' through the Constitution.

This then is our heritage, a heritage that in the past has produced a moral environment with unparalleled individual liberty and economic prosperity, a heritage that has been the envy of the nations of the world. It is a heritage worthy of our efforts to rebuild.

We ask you to vote your conscience when electing new guardians for your future peace, safety and happiness. We remain convinced that voting for the lesser of two evils is still voting for evil and will not recover our heritage. We are raising a standard around which the wise and honest can rally, believing that the events of history are in the hands of God. The Constitution Party honors that heritage by nominating candidates who believe in our heritage. Look for them this fall on the General Election Ballot.

Remember, if you don't honor them with your vote, the candidates you really want can never win.

Democratic Party

The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.

There are several core beliefs that tie our party together: Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like job creation, equal pay, education, health care, and clean energy.

In Oregon, Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. We've passed legislation to support working families by increasing the minimum wage and providing paid sick leave, we've been a trailblazer on access to the ballot by implementing Oregon Motor Voter and online registration, and we continue to fight for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or ability.

This election cycle, Democrats are poised to grow our majorities in Salem, return Governor Kate Brown to office, and elect Democrats up and down the ballot. Oregon's Democratic congressional delegation well represents our values in D.C. and we are proud to stand behind Senator Ron Wyden, Senator Jeff Merkley, and our Democratic representatives.

We invite all Oregonians to join us in affirming our determination that Oregon become a beacon of opportunity, tolerance, and freedom.

Independent Party

The Independent Party of Oregon (IPO) was formed 11 years ago to provide greater representation for the 50-60 percent of Oregonians who feel neglected by the Democrats and Republicans. We have grown into Oregon's third largest party, with over 120,000 members.

We believe ordinary citizens don't have enough influence over government policy. Government is not accountable, and politics has become too partisan and dominated by special interests and their money. There is not enough problem-solving.

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Protect Oregon consumers from ripoffs and abuse.
- Improve education and job training opportunities for Oregonians.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

2018 PLATFORM

Our 2018 expanded platform (www.indparty.com/platform) is based on our member surveys. Our goal is to align public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental policy. For more policies, see our past Voters' Pamphlet statements at www.indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. These special interests accounted for 97 percent of the \$133 million spent on Oregon political campaigns in 2016 and most of the \$31 million spent on state-level lobbying. In contrast, our small-donor democracy program provides support services for first time candidates.

We support **Marc Koller** for the 3rd Congressional District IPO nomination.

If your IPO primary ballot has a blank instead of candidate names for some races, find and write in a candidate who supports the IPO agenda: www.indparty.com/writeins.

WE ARE HAVING AN IMPACT

In 2017, we began urging the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats would confront large pollution emitters. 3/4ths of all industrial polluters in Oregon were operating under invalid permits that in some cases were decades old. The EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

After a 2018 audit by Oregon's Secretary of State revealed that the state's Department of Environmental Quality was failing to meet its core regulatory functions, a coalition succeeded in passing the first major overhaul of the state's regulation of industrial polluters in more than two decades.

We have also led the way in stopping the Legislature from making Oregon's campaign finance laws even worse. The Center for Public Integrity in 2015 ranked Oregon's campaign finance system as **the worst in America** – except for Mississippi.

Libertarian Party

The Libertarian Difference

Do you dislike both the Democratic and Republican parties? Did you vote for someone promising hope and change, then get more of the same? Did you vote for someone promising to make America great again, only to get coarse morals and a foolish trade war? Did you vote for someone who promised affordable housing, but then supported policies that restricted supply and subsidized demand? Are the Democratic and Republican candidates living up to their promises and your expectations? Would you vote for them again, or only against someone who seems even worse?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

For three elections in a row, the Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats who think they know how to spend your money better than you do, and to the Republicans who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money.

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Pacific Green Party

THE POLITICAL REVOLUTION CONTINUES WITH THE GREEN PARTY

In fact, it started with us. The Green Party has been at the forefront of political reform in Oregon, in the U.S., and around the world. Greens in Oregon have served as city councilors, mayors, commissioners and on the bench. Greens hold seats as Ministers and Members of Parliament around the world and have led the way on cutting edge issues such as climate change, electoral reform, health care for all, marriage equality and ending the War on Drugs. Today we call for:

Protecting Our Planet

Clean air and water. No LNG pipelines or terminals. Stop coal and oil trains. Reduce pesticide use. End destructive logging, energy extraction: fracking, tar sands, offshore drilling, mountaintop removal, and uranium mines. Enact a Carbon tax. Label and put a moratorium on GMOs. Create millions of jobs by transitioning to 100% clean renewable energy and invest in public transit, sustainable agriculture, and conservation.

Education as a Right

Abolish student debt to free a generation of Americans from debt servitude. Guarantee tuition-free, world-class public education through university level.

Health Care as a Right

Establish an improved "Medicare for All" single-payer public health care program for everyone.

Empower the People

Abolish corporate personhood. Enact electoral reforms for true democracy: public campaign financing, ranked-choice voting, proportional representation, and open debates.

Ending Poverty

Guarantee economic human rights, including access to food, water, housing, and utilities, to ensure every American a life of dignity.

Peace and Human Rights

Establish foreign policy based on diplomacy, international law, and human rights. End the wars and drone attacks, cut military spending by 50% and close 700+ foreign military bases. Lead on global nuclear disarmament.

Racial Justice Now

#BlackLivesMatter. End police brutality and mass incarceration. Create a Truth and Reconciliation Commission to eliminate the legacy of slavery that continues as pervasive racism. Give communities control over their police. Demilitarize the police.

Justice for All

Terminate unconstitutional surveillance, end persecution of whistleblowers, abolish secret kill lists, and repeal indefinite detention without charge or trial.

Housing for All

Shelter our homeless neighbors, create affordable housing, and protect neighborhoods from reckless development and gentrification.

A Just Economy

\$15/hour federal minimum wage. Break up "too-big-to-fail" banks. Develop more cooperatives, public banks and public utilities. Make Wall Street, big corporations, and the rich pay their fair share of taxes. Replace corporate trade agreements with fair trade agreements.

Freedom and Equality

Expand women's rights, protect LGBTQIA+ people from discrimination, defend indigenous rights, and create a welcoming path to citizenship for immigrants.

DON'T JUST COMPLAIN ABOUT A "RIGGED SYSTEM."

DO SOMETHING ABOUT IT! JOIN US!

REGISTER GREEN – become a member of the Pacific Green Party and join with thousands of your neighbors to build momentum for real change.

Progressive Party

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, “corporate personhood,” and NAFTA, WTO, and other “free trade” deals that let corporations override policies to protect labor, the environment, and consumers.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), \$15 minimum wage for all (now), and effective gun control.

OREGON ISSUES

Real Campaign Finance Reform: Oregon Democrats and Republicans have never enacted limits on political campaign contributions but have repealed voter-enacted limits 3 times. Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to over \$50 million in 2016.

The State Integrity Investigation of the Center for Public Integrity in 2015 graded Oregon an overall “F” in systems to avoid government corruption. Oregon ranked 2nd worst of 50 states in control of “Political Financing,” beating only Mississippi.

THE OREGONIAN (2010) reported that Oregon candidates spend more on campaigns for the State Legislature, per capita, than anywhere other than New Jersey. Spending on such Oregon races has increased 50% since then. The average spent in 2014 by the top 10 Oregon Senate candidates was \$750,000 each; spent in 2016 by the top 10 Oregon House candidates was \$825,000 each. Some spent over \$70 per vote.

Oregon rates low on disclosure of funders of political ads. The Corporate Reform Coalition (75 progressive organizations) concluded that only 6 states have worse systems for disclosing independent expenditures. Oregon = “F” in disclosure; Washington = “A” Now, 10 states require that political ads identify their top funders, but not Oregon.

Get Involved with State & Local Campaign Finance Reform: honest-elections.com.

Invest in Oregon: The State Treasurer should direct part of Oregon’s \$89 billion of investment funds to invest in public works and jobs for Oregonians instead of investing in vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations and vendors.

Fair Taxation: Oregon has the 4th highest income taxes of any state on lower-income working families and remains lowest in taxes on corporations—the source of most campaign contributions in Oregon.

Other Issues: See our testimony on hundreds of bills at the Oregon Legislature: progparty.org/leg

Republican Party

The Oregon Republican Party is working for all Oregonians by promoting limited government, lower taxes, and personal responsibility. We ask you to join our party and support our candidates because these basic policies improve our nation for everyone. Limiting government gives everyone the opportunity to achieve success. Lowering taxes gives you the opportunity to keep the money you earn and obtain your dreams. Personal responsibility teaches people not to be dependent on the government thereby maximizing freedom for all.

We're proud to be the majority party in many parts of Oregon, but we need your help to implement our policies statewide. Join us as a volunteer, a precinct committee person, or help us promote Republican Principles.

What is a PCP?

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County Officers whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life – requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.

Come join the Oregon Republican Party, be part of the political process, be part of our winning team. Please register as a Republican and become an active citizen. Join us, for a better Oregon!

Working Families Party

What is the Working Families Party?

The Working Families Party is fighting for a better future for Oregon. One where the economy works for everyone, not just the wealthy and well connected. One where politicians are accountable to working people, instead of corporate lobbyists. One where all of us, no matter where we come from, urban and rural, coast to eastern Oregon, can find a good job, get healthcare when we need it, afford a home, send our kids to good schools including a debt free college education, and have a secure retirement.

We're about improving the economy for working people.

This is our number-one, number-two, and number-three priority. We fight for new jobs, living wages, workers' rights including the right of unions to bargain collectively, affordable childcare, better education, health care for everyone, fair work schedules and a government that listens to working families, not big corporations or other high-powered special interests.

How do we make sure that politicians listen to us?

The Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they agree to support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote. We try to use our place on the ballot strategically. We research the records of all candidates running for office in Oregon – for city, county, state and federal offices – Democrats, Republicans or Independents. We ask them questions about specific issues. Then we support the ones with a commitment to standing up for the bread and butter economic issues that really matter to working- and middle-class families.

What does it mean when you see "Working Families" next to a candidate's name?

It means you know that they have our seal of approval – and you can vote for them with the confidence that they will do the best job of fighting for working people.

What issues will we ask Working Families Party candidates to champion while in office?

During the 2019 legislative session we are asking WFP electeds to address issues including: campaign finance reform, paid family and medical leave, to fight mandatory arbitration in employment and consumer contracts, putting Oregon's money to work creating jobs here in Oregon and fighting for fair trade policies on a federal level.

Join us!

The Working Families Party is the electoral arm of the Resistance. We are working to create a party that represents all working people, of all races, gender identification, and immigrant status. We want to work together to develop a people's platform that will bring about positive economic and social change; that will reject the false populism and racist vitriol of the Trump era. Vote for WFP-nominated candidates to send a message that these issues are important, and help us build an organization that can truly represent working people in Oregon politics.

Governor

Patrick Starnes

Independent

Occupational Background: Decades of Public Service

Educational Background: Graduated from Umpqua

Community College and University of Oregon with degree in history.

Prior Governmental Experience: Elected twice to Douglas Education Service District and once to McKenzie School Board

Patrick Starnes Independent for Governor

Biography

Patrick Starnes grew up in Oregon and went to Winston-Dillard Schools while his father worked at the particle board mill to support the family.

During his young adulthood he apprenticed in fine furniture making and cabinetry and then went to college.

Starnes worked as a freelance cabinetmaker for over 30 years. Currently he and his wife make their living restoring old houses.

MORE MANUFACTURING JOBS

After decades of experience as a cabinetmaker Starnes understands the needs of regular working people. He believes that:

-We can do more with our wood products.

-We can build more finished wood products; manufactured in Oregon rather than shipping raw materials out of the state by removing barriers to, and providing incentives for, local businesses.

REAL ELECTED EXPERIENCE

Starnes has over ten years of experience as an elected school board member.

Starnes feels every politician in Salem should have school board experience: dealing with unfunded mandates, increasingly unstable school funding and the forced firing of young teachers.

He sees the degradation of our schools as a tragedy for our youth and our future.

GET BIG MONEY OUT OF POLITICS

Everyone knows that big money is corrupting our democracy.

We will not have fair and clean elections as long as large donations are allowed in our democracy. Starnes is the only candidate for governor who is limiting his donations to \$100 per person and he is challenging every politician to, "just say NO to big money!"

Campaign finance reform is Starnes number one priority.

A Truly Independent Voice for State Representative!

Oregon needs leaders who focus on people, not party; represent community, not special interests.

The two-party system creates party-line divides, failing our state and country. That's why I'm running to be our next state representative as an Independent Party of Oregon candidate. Restoring balance to the political process will create better laws benefitting all Oregonians.

As our next State Representative, I'm committed to the following policy goals:

- Applying industry experience to support legislation that grows existing businesses and incentivizes new business to come to Oregon;
- Ensuring small, local, and family businesses have a level tax and regulatory playing-field;
- Fixing systemic budgetary issues negatively impacting public services;
- Focusing on solutions for over-crowded transportation infrastructure;
- Balancing our natural resources for job creation with forward-thinking conservation strategies, ensuring those resources are protected for future use;
- Closing the career and technical skills-gap between our education system and workforce needs of local employers;
- Supporting robust educational choices for families from pre-school to higher education;
- Reforming social safety net programs like foster care so we can deliver top-notch services in a cost-effective manner for our most vulnerable citizens;
- Supporting our veterans' community, ensuring voter-approved initiatives are enacted;
- Increasing funding for local law enforcement so city and county justice systems have the resources they need to keep our communities safe.

I look forward to getting to know you. If you have questions, please email me: BrianPiersonForOregon@gmail.com.

I hope to earn your vote!

Prior Governmental Experience: Precinct Committeeperson since 2008, Washington County Delegate

Dear fellow citizen:

What do you believe?

I believe the Declaration, with the Constitution added, was decisive **progress** on the fair way of individual political rights under limited government. *Inalienable Rights endowed by their Creator to pursue happiness.* Instead, all nowadays incumbents representing my district have us believe to give up those rights and 'let government do it'. As if government is good at creating value. At undisclosed cost nonetheless, while constantly running out of taxpayer money for monstrous programs such as government healthcare that is 'cost effective, medically appropriate and affordable'. This is misleading, unlike your right to good health.

Rather than seeking the utopia of some nihilistic philosophy that rejects giving up wrongs, I have more faith in the statutes and promises of that *One who endowed*. By those rights we live in hope, when legislators act in accord, securing and encouraging freedom for individual people to pursue happiness and create value. As the Founders did. **Pursuing justice**, not only money and special interest groups. Provoking ancient Samuel to jealousy: United States citizens accepted constitutional rights – not merely privileges - because evil exists. **Maintain these Rights** to co-exist with the unjust, who come but 'to steal and kill and destroy'.

The father of our nation stated: Our cause is noble; it is the cause of humanity. I believe it still is. Discourage 'let government do it' and decline going backwards to a spot in the pyramid 'be like the other nations'. Motionless Multnomah? Colossal UN? Don't bury the Constitution, the world's sanctuary of political freedom, but **support transparency and personal responsibility**.

Therefore, stabilize with activity and encourage with the entrepreneurial spirit Astoria was named after.

What about you? Vote for me.

With best wishes for your good health and prosperity,

John Verbeek

US Representative, 1st District

George Griffith

Republican

Occupation: Product Design & Development (Retired)

Occupational Background: Senior Mechanical Design Engineer at Apple; Mechanical Design Engineer at Intel; Board of Directors at Habitat for

Humanity

Educational Background: BSME, University of California, Berkeley; AS, Ventura College

Prior Governmental Experience: Which is more important, building something of value that improves our lives or being an expert in playing a rigged system? Most politicians claim "experience" when in fact they just spend their time continuously seeking payouts from PACs and throwing \$10,000-a-plate fundraisers without a thought for your friends and neighbors who can never afford to buy access.

A different kind of campaign.

If you are as angry as I am, you will understand why I am running. For too long Oregon has been ignored. National Democratic leadership doesn't care what we think because they believe they will never lose us. National Republican leadership doesn't even try because they think they can never reach us.

I am crowd-funding my own campaign.

My focus will be on donations from individuals rather than corporations. In a time when elites use dollars to buy votes, citizens like us can use our networks and connections to take back our guaranteed constitutional rights. With a unified voice we can challenge the 'business as usual' model which has debased our nation and fomented division and hate.

Do you want to just give up, vote for business as usual, and watch as Wall Street lawyers and billionaires buy off our politicians with no regard for the needs of the people?

We can no longer stand by while power acts only to serve power - it is up to us to bring the change we demand!

My office will follow these core principles:

- Is legislation supported by the Constitution?
- Does legislation not infringe on others' liberty?
- Does legislation serve citizens first?

Citizen first, Legislator second; never a Career Politician, beholden only to the people I represent.

AFTER 30 YEARS, LET'S RETIRE KATE BROWN

"I'm running for Governor to lead and fix the big problems that have been avoided, ignored or made worse by Governor Brown. Gov. Brown is fixated on national politics—I'll fix local problems. She's raised taxes—I'll veto them. She's loaded new regulations on small businesses—I'll cut red tape. She afraid to reform the budget and PERS—I'll take-on the government unions. She's indifferent to failing schools—I'll rescue them. She ignores health care waste—I'll hold the bureaucracy accountable. Kate Brown believes in the power of government—I believe in the power of people.

Together, with your vote, we can defeat Kate Brown and bring needed changes to the Oregon we love."
 – Knute Buehler

A FIGHTER FOR TAXPAYERS

Knute led the charge against Brown's \$1.4 billion energy tax and \$1.2 billion in new taxes she's passed in the last two years. He called-out and opposed new fees on inner-tubes, paddleboards, used cars, coffee, beer and spirits. He voted against a new statewide payroll tax and freeway tolls for Portland commuters. Unlike Brown, Knute was outspoken against Measure 97's massive \$6.1 billion sales tax.

A DEFENDER OF SMALL BUSINESS

Standing firm against an avalanche of new government regulations, Knute has earned top ratings from small business, farming and taxpayer groups for votes against new costly, job-killing rules and mandates.

A CHANGE-AGENT REFORMER

Following the Kitzhaber-Hayes scandal, Knute forced the Salem political establishment to implement tough new policies to protect government whistleblowers who speak-out against corruption and waste from political intimidation.

A PROVEN ELECTION WINNER

Twice-elected to the legislature in tough campaigns from an 11% Democrat-majority district, Knute has taken-on powerful special interests and won by building a coalition of Republicans, Independents and Libertarians – creating the opportunity for real change.

Prior Governmental Experience: Securities Analyst, Division of Finance and Corporate Securities, Dept. of Business and Consumer Services, State of Oregon; Business Manager, North Slope Borough School District, Barrow, Alaska. Practiced law in the Courts of the Oregon State Court System.

Dave Stauffer is the **solutions** candidate—the **environmental solutions** candidate who has four new innovations that are workable, scientific solutions to the environmental problems of Oregon. He has an invention that provides fresh, clean water for irrigation, fire suppression, and drinking to eastern and southern Oregon. That same invention will also provide pollution-free electricity using the in-pipe generators developed by Lucid Energy, Inc. That same invention will provide flood control, which will eventually make it possible to restore the salmon fish runs up the Columbia. He has an invention that will use Fresnel lens and the sun to heat water for hot water heaters and to heat houses using the free heat and rays of the sun. That same invention also provides almost free air conditioning in the summer. He also has a solution for Oregon's traffic congestion problems for both the morning and evening rush hours. More importantly, he will cut down on the air pollution from cars and trucks idling in rush hour traffic jams.

Oregon Institute of Technology

Prior Governmental Experience: none

I grew up on a cattle ranch north of Elgin, OR. After graduating Oregon Institute of Technology, I moved to Los Angeles to work in the aerospace industry. After working in four different countries on three different continents, I moved back to Oregon to start an aerospace manufacturing facility. I started with a bare field. I built a building, bought machines, installed machines and started manufacturing parts for the aerospace industry. Along the way, I was a careful observer of Oregon politics.

A Thinking Man's Strategy

It has been 36 years since a Republican was elected as Governor of Oregon. I have a thinking man's strategy for winning this election. You have to be competitive in Multnomah county. Most Republicans were down 150,000 votes or more in Multnomah county, and they lost. They lost because they talked about issues that most Republicans have a high priority on: things like abortion, gun rights, logging on public lands and tax cuts. Focusing on these things always leads to losing the election.

Instead of giving you a laundry list of issues, I only have one issue – **winning!** To win, you have to focus on issues that we are all suffering under. We all suffer under the heavy weight of medical bills that are too high. We pay for medical insurance that is too expensive to use. We have an education system that is ranked 43 out of 50 on academics and safety. We have the third highest dropout rate. Veterans need more help.

No matter what Republican candidate you like in the primary, if they lose the election, you will have no influence in Salem. I can beat Kate Brown. I can win this election. I need you to join the Jeff Jet and we will fly right over Kate Brown. **Vote for Jeff Smith!**

REPAIRING OUR GOVERNMENT

I am a strong supporter of the Trump-Pence agenda, and not a politician. I'm a businessman and turn-around specialist – expert in quickly repairing struggling businesses.

Our system of government is failing and must be overhauled NOW – and that won't be done by yet another career politician. Career politicians made this mess!

KATE BROWN MUST GO

Governor Brown MUST be retired – and that will take a conservative Republican...not a pro-choice, anti-Trump Democrat-lite.

We WILL win control of the House and Senate – a 2018 Oregon Red Trifecta!

WHAT I BELIEVE

I am passionate about limited government, individual freedom and personal responsibility:

- Pro-life, protecting the life of the unborn.
- End Sanctuary State status.
- Get the PERS crisis under control NOW.
- Fully support the Second Amendment, as written.
- Promote public school choices, vouchers, and home schooling.
- STOP wildfires; promote healthy forests with level-headed timber policy.
- Cut taxes and slash regulations to promote statewide economic growth.
- Restore fiscal sanity to failing state agencies.
- Reduce spending and shrink the size of government.
- Cultivate a government that is small, super-efficient, and unobtrusive.
- Appoint constitutional judges and agency executives who support our conservative principles.

SUPPORTING OUR PRESIDENT

In early 2016 I was the single statewide Oregon political candidate to endorse Donald Trump. Our President really is making America Great Again – now we must Make Oregon Great Again!

Oregon needs a governor who can work together with President Trump as a partner, not an antagonist.

Please join me. Let's Make Oregon Great Again!

-Monte's Priorities in Salem-

"Monte's tenure on the Hillsboro School Board saw Hillsboro's graduation rate improve by 6%. As our state senator Monte will work tirelessly to bring similar improvements to our entire state. We must do better, our children deserve it and our parents demand it. Monte spearheaded the funding initiative to get STEAM coaches in all our schools and restored one third of the cuts to Hillsboro's art, drama, leadership, band and sports programs."-Glenn Miller, Hillsboro School Board

Expanding Educational Opportunities for Oregonians

I've persevered through challenging times, working my way up to a successful career with Daimler Trucks. I've experienced first hand how education can transform a person's future and believe our children deserve a quality education. I'm committed to helping our children succeed and ensuring we efficiently invest tax dollars in the classroom. As Senator, I will support educational opportunities that promote technical skills and create opportunities for students who don't thrive in a traditional classroom setting.

Sustainable Economic Growth for Washington County

Washington County has some of the most successful businesses in the state, creating the family-wage jobs we rely on for a strong local economy. I will fight back against efforts to raise taxes and increase regulations on small and local businesses so they can continue to invest right here in our community. I will also oppose any new sales or gross receipts tax that makes it more difficult for families to afford gas, energy bills, groceries and health care.

Spending Your Tax Dollars Wisely

Out of control spending and mismanagement by politicians increases the tax burden on hard working families and businesses. We must rein in rising PERS costs that are draining our schools and local governments of resources and prioritize investments in programs and services that improve the quality of life in Washington County.

Oregon faces real challenges, and it's time to roll up our sleeves and find solutions. From stopping skyrocketing healthcare costs to tackling our \$22 billions PERS liability that threatens to sink school districts and local governments, I am ready to be your voice in Salem to face these issues head-on.

Protecting Our Economy

The Great Recession is over, but too many working families still live paycheck to paycheck. Wages are stagnant while inflation rises. Instead of using our historically high tax revenues to fund already bloated state budgets, we need to invest in small businesses and help them create more family-wage jobs in our community. I pledge to protect small businesses from future tax hikes and vote no on taxes that raise the price of everyday necessities like gas, groceries, and utilities.

Better Outcomes for Students

Oregon has some of the lowest graduation rates in the country and schools that fail to prepare our students for the jobs of the future. We need more dollars in the classroom where teachers can use advances in technology and innovation to help students achieve their potential. By empowering students to learn in creative ways we can set them up for success in careers that help them prosper and give their future families the best quality of life possible.

Serving You in Salem

As your representative, you'll always know where I stand. My time living and serving in the Willamette Valley have provided me with a unique understanding our community's issues and the importance of a leader who listens. As your State Representative, I have served with integrity, compassion, and honesty and I promise to continue to hold to these same values with me in Salem.

A Growing Economy

I will continue to promote a strong economic climate to attract and retain local business and increase job opportunities. Lowering taxes on working families, simplifying our convoluted tax structure, and ridding people of needless government regulation are the keys to better wages, increased entrepreneurship and higher household income.

Wise Use of Taxpayer Dollars

We have a spending problem in our state government. As your representative, I will continue to be an advocate for effective stewardship of taxpayer dollars to keep our communities vibrant and safe. I support additional audits on government agencies, open financial disclosure, and performance reviews to ensure Oregon's agencies are operating efficiently.

A Brighter Future for our Children

I have pushed for adequate and stable funding for local schools and higher education. We must increase vocational and postsecondary education opportunities to ensure our students are well equipped to enter the workforce.

Your Voice in Government

I've spent my entire career speaking, and I am honored to speak for you in the Legislature. Since you first elected me, I have worked hard to bring your ideas, values and voice to the Capitol.

It's not easy. Our district is mostly rural and the party in control doesn't understand what it's like to walk in our shoes. I consistently ask questions I think you might ask about legislation. I look at budget bills like my wife and I do when we balance our checkbook. I ask agency directors to speak in normal English and explain why they need more of our hard-earned tax dollars.

I believe in less government, and hesitate to introduce more laws. But the bills I sponsored and passed have been for our district, reducing red tape for small businesses and providing clarity for small farmers.

Conservative Voting Record

You've seen my voting record and you know where I stand. I always stand up for our second amendment rights. I never vote to increase taxes unless it is needed for basic public services and to properly fund the education of our kids. I always support the unborn. I support our law enforcement and firmly believe that our state needs to look out for those who legally live here first before taking care of visitors.

Our values and our jobs are under attack from the Progressive Portland Agenda. I am asking you for your vote to continue to fight for you in the Oregon Legislature.

DAN IS THE RIGHT CANDIDATE FOR DISTRICT 26

Voters did not send the current Representative to Salem expecting him to:

- Further the nanny state;
- Increase the regulatory burden on business;
- Use state government to bully specific businesses or industries;
- Trample on the 2nd Amendment;
- Regulate consumer prices; or
- Undermine the results of Measure 88, rejected within the district by a 68% to 32% margin in 2014.

PRINCIPLES MATTER

"All week long as I've anticipated this moment, I've been inclined to crawl under my desk in the fetal position," said a teary-eyed Vial, referencing pushback against the [HB 4145] bill. – *The Oregonian*, February 15, 2018.

Dan knows good governance depends on legislators whose principles provide a foundation to rely on when the going gets tough. Voters deserve a representative who won't wilt under pressure, and one who won't be intimidated into abandoning his core principles of limited government and fiscal responsibility.

STAND WITH DAN

Dan will go to Salem with a laser-like focus on:

- Improving educational outcomes;
- Fiscal sanity;
- Infrastructure and Transportation;
- Removing obstacles to economic opportunity; and
- Ensuring our Constitutional rights are not thrown under the bus for cosmetic, feel-good votes.

When you stand with Dan you'll get a finance professional who understands government's role in the economy. You'll get a legislator who casts measured, rational votes, unclouded by emotions. And you'll get a small business owner who has experienced and successfully navigated the tangle of government regulation.

Preserving our Promise

In 2016, the voters voted 84%-16% to devote 1.5% of the lottery fund to support veterans. This past year, Democratic legislators and the Governor slashed the funding that Oregon voters just approved. Our veterans deserve better. I'll stand strong for those who served our country.

Reducing Regulations on Small Businesses

In order to attract new, family-supporting jobs to our neighborhoods, we must reduce the needless, job-killing regulations that are stifling small businesses.

Expanding Job Training and Education for Veterans

After leaving the military, I was shocked to find out that I would be excluded from computer coding schools due to the limitations of the GI Bill. I not only taught myself how to code, but have also been a champion for expanding access to career and technical programs so that other service men and women don't have to face the same hurdles I did. Veterans need good jobs in lucrative industries to support their families and it is unfair to exclude them from great opportunities in technology-driven fields.

Stopping Tax Increases and Wasteful Spending

I'll work to cut needless spending so we can provide tax relief to our families and local employers.

Making Healthcare More Accessible

It's time to reduce costs and scale back government control over our healthcare choices. I will work to empower patients and their local healthcare providers.

Creating A Veterans Trust Fund

It was disappointing to see our government take away essential funding for veterans after voters approved it. I want to establish a Veterans Trust Fund that ensures resources intended for veterans cannot be misused or misdirected in the future. Our veterans shouldn't have to suffer just because politicians don't know how to control their spending.

-Brian Stout has the real world experience Salem needs-

"For the past 20 years the democratic leadership in Salem has failed. The political class in Salem continues to stand by and watch as our education system fails, our roads deteriorate and businesses relocate. Enough is enough! Allow me to represent you, the hard-working taxpayers of our state and not the failed status quo." – Brian Stout

-Brian's priorities in Salem-

Jobs, Jobs, Jobs: Oregon must not continue to lag behind in the race to attract new business to our state. We must leverage Oregon's natural resources and restore this vital economic sector and work with the federal government to ensure the mighty Columbia remains a vital and viable economic waterway.

Veterans Funding: In 2016 the voters passed Measure 96 with dedicated funding for veteran's services. The governor and democratic leadership in Salem continue to deprive our veterans of their rightful resources. I will prioritize veterans funding and fight for those who have sacrificed so much for us.

Education: Oregon's public education system is broken and must be fixed. Graduation rates must be improved, classroom sizes must be reduced and our school year must be increased. Salem has failed our students, we must fix it.

- Our Community Supports Brian Stout-

"Brian understands the burdens facing small businesses in our state and has proven himself as a trustworthy member of our community. I am confident he will do everything possible to cut through the bureaucratic red tape and tackle the issues that challenge us." –Scott R. Neish, DMD (Neish Dentistry)

The Oregon Coast is a great place to live, but there is so much we can do to improve the quality of life in our community. My friends and neighbors tell me they want to see our schools improve for our children, they want better and safer roads and they want to see new, family-wage jobs and economic development opportunities in our area. These are all issues I want to work to improve, for you and our communities.

Education

As a teacher and instructional assistant in both primary and secondary classrooms, I've seen what works in our schools and know what it takes to make a positive difference in the life of a student. I have also worked with online students seeking an educational environment that fits their individual needs. Ensuring that our children have access to a world class education system will always be among my top priorities.

Vision and Leadership

Oregon has operated for more than thirty years with a vision and leadership that did not consider the long term effects of what they were doing on behalf of the people of this State. I will find ways to stop the incredible waste, rebuild our schools, rebuild our jobs, and rebuild the trust in our Government that we all so desperately want.

Bring Logic and Sensibility to Government

We must decrease the size of Government and stop the waste of tax dollars that goes along with bureaucracy.

The Oregon Constitution has been ignored for far too long

The Oregon Constitution has specific guidelines such as dedicated revenues for our roads or Lottery Dollars for economic development. What ever happened to funding education first?

Where I Stand on a few of many issues:

- I will not allow Toll Roads in Oregon. Period
- No more light rail. We should be allowed to live and work in our communities.
- Work to get more companies located in Oregon. Why are we not building cars?
- Get our Transportation needs back on track with construction of roads in the areas of Oregon that need them instead of high density housing to force the use of light rail.
- Save our children's education from the grips of special interest.
- End "Vote by Mail" and get photo ID in place.
- Free up our Natureal Resource for the benefit of Oregonians
- Stop PERS from eating up any more of Oregon's future.

Please join Bob Niemeyer in this incredible task of getting responsibility, accountability, and trust back into the Government of Oregon.

Julie Parrish

Republican

Occupation: Small Business Owner, State Representative

Occupational Background: Entrepreneur; digital communications, food service management

Educational Background: B.S., Communications (Minor: Hotel, Restaurant, and Resort Management), Southern Oregon University; MBA, Marylhurst University

Prior Governmental Experience: Battalion Family Readiness Coordinator, Oregon Army National Guard (volunteer)

Community Service: West Linn Chamber member, West Linn Rotary, West Linn Lions Club, Board Member – Building Excellent Schools Together

Family: Married to Colonel (ret) Mark Parrish; children, Maxwell, Tucker and Gage

Representative Julie Parrish continues to be a champion for education reform, a vibrant economy, government transparency, and smarter management of state budgets!

Julie has proven time and again she's not beholden to special interests. She continues to pass legislation focusing on complex issues for our community, and for all Oregonians.

In her fourth term, Julie passed laws to:

- Implement our new Measure 96 Oregon Veterans Lottery Bill;
- Reinstate college tuition reimbursement for Oregon National Guard servicemen and women;
- Prohibit consumer credit reporting agencies from charging fees to freeze consumer credit files after a data breach;
- Reduce poverty and increase access to housing for low-income Oregonians;
- Expand 2015 legislation aimed at ending the backlog of rape-kit testing.

Julie voted against tax and fee increases that negatively impact small business; against the new 2018 payroll tax increase, and against tolling I-205.

Moreover, in February when the Oregon Senate unanimously voted to reduce sentencing for violent criminals convicted of strangling pregnant women or children; or using deadly or dangerous weapons in the act of strangulation, **Representative Parrish was the only lawmaker who testified against the sentencing reductions**, demanding accountability for victims. As a result of her work, Oregon's sentencing guidelines for violent felons convicted of strangulation will now be tougher than ever.

"I'm proud to be your representative, and I'd sincerely appreciate your vote."

In the West Bank, I visited Al-Fara Detention Center where Palestinian children were tortured; I went to villages where water and pastures were poisoned to expand settlements, among other atrocities. The UN, established by the US, has documented multiple violations. Once verified, Europe responded through boycotts, divestiture, and sanctions until violations cease & resolutions are enforced. Netanyahu used anti-boycott laws to silence opposition. Through the Anti-BDS Acts, cosponsored by Wyden(S.720/S.170), Schrader(H.R.1697), & Bonamici(H.R.2856) ALPAC lobbyists seek to establish the same censorship here. H.R.1697 hinders the UN's Human Rights Council's ability to investigate and act on abuses for one nation alone through personal fines of \$250,000-\$1,000,000 & 20-years in prison. H.R.2856 overturns the rights of business & industry.

Civil Disobedience: I declare my support for the UN, EU, & BDS, as part of the Methodists UN affiliation, demanding that all commerce that contributes to human rights violations be made public. Any censorship of atrocities becomes a license to torture & murder with impunity. Everyone must have the right to advocate against any product for any reason as well as to know if an organization has committed human rights atrocities. Our representatives are signing over our rights to allow a foreign power to suppress knowledge of their crimes and prevent any response. No foreign power deserves such a right against humanity.

Why are things this way? In our Theocracy, one race is deemed chosen, while another is damned, granting preference to Jew over Arab. Evangelicals will not allow any Biblical discussion that favors the Palestinians. Among these are Gregg Ramona, Athey Creek, Multnomah, even George Fox. These experts are just part of the underlying intolerance that is on the verge of legally suppressing our speech. Before passage, I am calling them out for a Biblical debate over Zionism. Governor

Kate Brown

Democrat

Occupation: Oregon's Governor

Occupational Background: Family and Children's Advocate; Portland State University Instructor

Educational Background: B.A., University of Colorado; J.D., Northwestern School of Law, Lewis and Clark College

Prior Governmental Experience: State Representative, 1991-1996; State Senator, 1997-2008; Secretary of State, 2009-2015; Governor, 2015-present

Kate Brown Is On Our Side

Kate Brown took over as Governor at a time when faith in state government was badly shaken. She went right to work, focusing on strong schools, good jobs, and quality health-care. She passed needed ethics reforms and is increasing transparency and accountability in state government.

Fighting for Oregon Families

- Protected healthcare for Oregonians, including 400,000 children, because everyone should be able to see the doctor when they're sick
- Passed paid sick leave, so workers don't risk losing their jobs when they're sick or caring for a sick child
- Improving graduation rates to make sure every child graduates high school with a plan for their future
- Preserving the Oregon we love by protecting clean air, clean water, and public lands
- Working to keep communities safe from gun violence by requiring criminal background checks
- Defending women's rights to make their own healthcare decisions

Helping Workers and Small Businesses

- Increased the minimum wage, because no one working full-time should live in poverty
- Signed the Oregon Promise, reducing community college tuition
- Investing in career and technical education, preparing Oregonians for good jobs that don't require a college education, and enabling small businesses to hire skilled Oregon workers

Getting Results from State Government

- After discovering disturbing results of years of neglect across state agencies, Brown brought in new leadership to increase accountability
- Saved taxpayers millions of dollars through hiring freezes, reduced spending, and lower overhead
- Making transportation improvements to reduce traffic while creating 16,000 new jobs

The Right Priorities for Oregon

As Governor, Kate Brown is working to create opportunity for every Oregonian and protect the state we all love.

Location and timing. My vision for Oregon begins with combining our revered pristine natural environment with burgeoning frontier economic opportunities that lead to Oregon prosperity and leadership nationally and globally. I invite tech companies, solar, wind and other like-kind industries to invest and thrive here. And to pay their fair share of taxes. I adamantly oppose gas pipelines digging up our land for LNG exports to benefit outside interests competing with the clean energy economy we want to grow. Oil wells in the ocean are a direct affront to our lucrative tourism industry and harm the ocean itself. Oil is last century's boon-typewriters in a computer society. I favor solid investment in education. I support a single payer health care system, Planned Parenthood and its work to ensure the health and choices of women. Equal pay with a strong minimum wage revitalizes the economy myriad ways. Oregon depends on our migrant workers and their advanced and excellent agricultural skill, and exceptional factory and service industry work. Our economy would suffer deeply without them. Immigration reform must be handled intelligently, respectfully and carefully. We are a sanctuary state in a sanctuary country. I promote train transportation for goods and commuters and tourists. We must invigorate coastal towns that have the opportunity to be ocean shipping centers. I would forcefully promote sensible gun legislation. "Cap and trade and invest" addresses global warming and health as air pollution causes lung conditions and higher medical costs. We have protected and preserved Oregon and will now turn our eyes to a more vibrant prosperity on our terms and best interests. Mutual respect, kindness and the adventuresome spirit make Oregonians who we are. We are pioneers and have much pioneering to do.

Occupational Background: US Dept of Justice trial attorney, law clerk, budget analyst

Educational Background: JD, University of Michigan; BS, BAS, University of Pennsylvania

Prior Governmental Experience: Wilsonville Transit Master Plan Citizen Task Force; Wilsonville Town Center Task Force; Oregon Law Commission Advisor

EXPERIENCE

As a Willamette professor for more than a decade, **Paul Diller** advocates for laws and policies promoting public health, economic fairness, and fair elections. Understanding the bridge between law and government helps him serve you more effectively.

BETTER TRANSPORTATION

Too many Oregonians spend too much time stuck in traffic. We need more transportation options, including improved public transit and safer roads in better condition. **Paul Diller's** experience on the Wilsonville SMART transit task force has shown him what can be done.

PUBLIC HEALTH & SAFETY

We need to expand health coverage and make it more affordable, especially for small business owners. Voters deserve a senator who will stand up to Big Tobacco and the Gun Lobby to protect our children.

IMPROVED EDUCATION

Paul Diller is the father of two boys in public school and the son of a public school teacher; he knows how hard our teachers work. They need help. Our schools deserve more money for more school days, as well as for the arts, music, and athletics.

BIG MONEY OUT OF POLITICS

Big corporations should not call the shots in Salem. We must reduce big money's influence in politics. **Paul Diller** will protect Oregon's expansion of voting rights, including vote-by-mail and easy voter registration.

PROTECT FAMILY FARMS

Paul Diller will support Oregon's land-use system to prevent out-of-control sprawl and protect family farms and vineyards.

We need new leadership.

I have dedicated my life to serving our country and community, and I am ready to be a strong progressive voice for our families in Salem.

As a former active duty military member, a caregiver, and an educator, I am no stranger to hard work, dedication, or self-sacrifice.

As a caregiver to seniors and people with disabilities, I know how important it is that Oregonians are able to retire with dignity, and how hard that can be when families have to make tough choices - like deciding between paying rent or saving for retirement. In Salem, I will fight for good, family-wage jobs, and access to affordable, comprehensive healthcare.

I know some of the biggest problems facing our families today are affordable housing and economic opportunity. I will advocate for laws that promote small business growth and equitable development locally and across the state.

As a special education assistant, I work with kids every day who are left behind when we are unable to fully fund our schools. As your next State Senator, I will advocate for stronger schools by working to find sustainable solutions to our funding challenges.

"I have had the great pleasure of working with Sarah on the Newberg Citizens' Rate Review Committee. Sarah is unfailingly prepared, involved and dedicated. Chuck Riley: A proven champion for our community

When faced with tough challenges, including some of the biggest problems facing our community, Chuck Riley doesn't back down - he fights for proven solutions.

Investing in kids and education

Chuck knows that the best foundation for a strong economy and strong families is a high quality education system. Chuck has voted twice to increase K-12 education funding in Oregon, including funding for all-day kindergarten. He also supports a plan to trade big corporate tax breaks for more stable funding for our schools.

Building safe, thriving communities

Chuck knows that families in our community are struggling, and has been working hard in Salem on solutions that help our families thrive. Chuck voted to raise the minimum wage and increase access to paid sick leave, so that hard-working people have a fair shot at getting ahead. Chuck voted to expand access to quality, affordable healthcare for all Oregonians, and defended a woman's right to choose in Oregon. And he supported bills that increase background checks for gun sales and keep guns out of the hands of domestic abusers, to help keep our communities safe.

Creating jobs and improving our economy

As a former small business owner, Chuck knows it takes a lot of hard work for a small business to succeed. In Salem, Chuck has advocated for plans that cut red tape and expand access to loans and financial support. He is working to expand access to job training programs that help Oregonians learn the skills they need to get family-wage jobs.

It's an honor to serve you in the Oregon Legislature. My campaign promises are to remain an accessible advocate in the district and an effective voice for you in Salem.

I take this job seriously. That means more than voting on bills in Salem. It means understanding what laws do to everyday Oregonians and our economy. It means exercising independence and sound judgement. It means being vigilant for unintended consequences. It means being an unapologetic champion for my constituents.

I know the things you care about because you tell me at the grocery store or on the streets of the towns I am privileged to represent.

You want good schools for your kids. You want government that runs efficiently. You need functioning transportation systems. You want to protect our environment while responsibly using our natural resources. You want to help those who cannot help themselves. You want to protect our society from those who threaten it, and you want our senior citizens to live in dignity. You want good local jobs.

The Oregon Manufacturing Innovation Center is becoming a reality. It will bring accessible higher education to Columbia County and will create region-wide apprenticeship opportunities with global companies like Boeing. We need to finish this project.

Mostly, I will continue to represent you in a manner that will help restore your confidence in government. I have made every effort to avoid the partisanship that plagues our legislative process. I will work with colleagues, regardless of political party, to find common ground to meet Oregon's challenges.

With your help and your vote, I want to stay on the job as your State Senator.

Healthcare for All Oregonians

I have been actively involved in the healthcare field for nearly ten years and believe the time has come for universal healthcare in our state. No one who gets sick or injured should have to fear bankruptcy because they lack medical coverage. For this reason, I strongly supported Measure 101 as a temporary means to provide healthcare for our state's most vulnerable citizens while we develop a permanent solution to the healthcare crisis.

A Transportation Solution for Everyone

Our region's massive growth has strained our transportation network. I will work with local officials to create an improved grid of arterials to connect our growing communities on the west side that both relieves congestion on our major highways and reflects our focus on environmental protection.

Veterans Homelessness

As a veteran, I believe our nation's veterans deserve nothing less than honor, dignity, and respect for putting their lives on the line to serve our country. In 2017, there were more than 1,200 homeless veterans living in our state. I will work with the governor, members of the legislature, and our congressional delegation to find the funding so that no man or woman who has served in our military has to worry about being homeless.

Truth, decency, and respect for all humans are under attack by the President, backed by politicians who care more about their self-interest. I ask you to share with me your ideas and lend me your support, so together we can stand up to these attacks and politicians, while advancing humane, common sense solutions for all Oregonians. Please help me to continue serving my country.

Occupational Background: Glencoe High School Teacher, Speech and Debate Instructor

Educational Background: B.S.,

Oregon College of Education

Prior Governmental Experience: Metro Councilor, 1991-2006, State Representative 2015-present

Representative Susan McLain

Has been growing opportunity in Washington County – and she's just getting started.

State Representative Susan McLain spent 42 years teaching local students and raising her children in our community. As someone who lives in Forest Grove, goes to church in Cornelius and taught in Hillsboro, she knows our communities.

Investing in strong schools

A life-long teacher, Susan knows first-hand that education is the key to creating opportunity for every Oregonian. As our State Representative, she voted to increase education funding, expand Oregon's Preschool Promise Program, reduce class sizes, and she's working to lower tuition costs to put college in reach for every student.

Fighting for our economy

A strong economy starts with quality jobs and support for small businesses. In Salem, Susan has fought to guarantee workers paid sick leave, raise our minimum wage, and strengthen enforcement of equal pay laws. Susan knows that all workers deserve the same wage and treatment, regardless of their race, gender or age.

Representing us

Susan is committed to representing our voices in Salem. She holds regular meetings in the community and opens the doors for all to attend. She knows that, in order to serve our community, she needs to hear our concerns. Accessibility and responsiveness to the community are standards we have come to expect from Susan.

"It's an honor to represent our district in Salem. I'm a fifth generation Oregonian and I care deeply about our state. Every day, our communities, my children and my grandchildren inspire me to serve, and I am so grateful to have the opportunity. I would be honored by your vote."

Proven Trustworthy Leadership

Create Jobs

I've brought workforce development, community investments and "Hire Oregon First" opportunities to create and maintain jobs and expand our local economies.

I will continue to fight for the rights and benefits of those men and women who have sacrificed so much for our state and nation.

Stop Wasteful Spending

I evaluate wasteful tax giveaways and set clear goals and standards for all tax credits, deductions or exemptions. Oregonians deserve the best value for their tax dollars.

State Representative, 32nd District**Tim Josi**

Democrat

Occupation: Tillamook County Commissioner**Occupational Background:** Landscape Contractor for over 25 years; Park System Designer, City of Astoria; Mill Worker**Educational Background:** B.A., Oregon State University; Graduate of Tillamook Schools**Prior Governmental Experience:** State Representative for eight years; PUD Director for eight years; Chair of the Council of Forest Trust Land Counties for 17 years; former member of the National Association of Counties Executive Committee representing the 15 western states**Josi's Experience:**

Tillamook County is one of 15 Oregon counties that deeded their forest lands to the state to be managed on our behalf through a formal trust relationship. Over the years, I have worked collaboratively with the Oregon Department of Forestry to implement Forest Management Plans that provide family wage jobs; revenue for our schools and governmental services; recreational opportunities and habitat for fish and wildlife.

Personal:

My background is an integral part of who I am as a public servant. I was raised on a local dairy farm where I learned the value of hard work. I graduated from Oregon State University and shortly thereafter started my own small business as a landscape contractor. I ran my business for nearly 25 years and managed employees. I utilized my training at OSU to design, bid and contract projects that arranged from private homes to public schools. My six brothers and sisters have always been self-employed. In 2010, I lost my wife to a sudden illness.

Committed:

I love my job as a county commissioner. However, I have decided it is time to return to the Oregon Legislature. I am passionate about protecting our rural charm and quality of life. I still have much to do and need your vote on May 15. Please call me with your ideas and concerns: 503-812-1932

I am ready to represent District 32 as a continuation of my life of service. As an attorney and judge, I have gained insight and compassion for the struggles of working people, families, crime victims and the disadvantaged. As a small business person, I have experienced the struggles meeting a payroll.

I offer new energy, new perspectives and new dedication to help invigorate the legislature.

Funding Challenges

Many of the challenges we face along the North Coast are more difficult because we lack stable and fair state funding. To find a solution for this ongoing challenge will be my main focus.

The list of issues is long and urgent, I will work to:

- **Protect Our Natural Resources.** An avid outdoorsmen, I have hiked, fished and camped throughout the North Coast. I believe in protecting natural resources while promoting sustainable economic development.
- **Invest in Infrastructure.** The costs of replacement are much higher later if we don't do repair now. We must prepare for the next weather or geologic event – emergencies that will hit District 32 harder than other areas of the state.
- **Increase Access to Social Services, Mental Health and Substance Abuse Treatment.** These challenges touch all homes. I will work to expand access to these services.
- **Support Education.** We should increase the number of school days and raise the graduation rate, with training in the skills and trades that will employ graduates as secure future taxpayers.

You deserve a leader who treats all people fairly, seeks a sustainable balance between commerce and environment, and prepares us for the future. As your District 32 State Representative, I am eager be that leader.

Tiffany Mitchell for State Representative

The True Progressive We Need for Oregon's North Coast

As a working-class Oregonian, I know what it means to have student loans, trying to afford a roof over your head and working hard to make ends meet and get ahead.

I moved to the coast with my husband because we love the natural beauty and progressive values; but it is getting harder for families to find good jobs with benefits, reliable housing and the schools kids need.

As your State Representative I will work to protect vulnerable children, women's reproductive health, the LGBT community, and fair wages for all working families.

I'm Fighting For

- **Housing We Can Afford:** We need more housing at all income levels. I will fight to end no-cause evictions and massive rent hikes.
- **Access to Healthcare:** Access is affordability - and we still have work to do. And all women need to have control of their own bodies. Period.
- **Stable Funding for Education:** Stable funding for all levels of education will mean a better trained workforce and a stronger local economy.
- **Clean Air and Water:** I will protect our coast from offshore drilling, a threat to our environment, economy, and way of life.
- **Equal Pay for Equal Work:** The fight for pay equity isn't over. We need to ensure women aren't being undervalued in the workplace.

"Tiffany is the champion we need for all levels of education, and she knows how important the community college is to our local economy. She will fight for students of all ages and backgrounds who are pursuing a better future."

Occupation: Attorney

Occupational Background: Land Use, Municipal and Environmental Law

Educational Background: BA and JD, Willamette University;

Prior Governmental Experience: State Representative, 34th District (2015-present)

Thoughtful Stewardship for Oregon

"I view the role of State Representative as one of stewardship. That spirit of stewardship extends to all of my work representing you in Salem. I'm proud of the work I've done to stand up for working Oregon families, students, and our environment. I've worked hard to find common ground and thoughtful, long-term solutions that improve the lives of Oregonians. I would be honored to continue that work." - Representative Ken Helm

Funding Education

I have consistently voted for increased funding for K-12 and higher education. We need to continue to find ways to reduce class sizes and improve graduation rates. Career technical education and STEM classes are important to achieving those goals, and I wholeheartedly support those programs.

Protecting the Environment

As Chair of the Energy and Environment committee, this year I worked to pass the Cleaner Air Oregon program to reduce toxic air contaminants and helped create a Joint Committee on Carbon Reduction to address climate change. With broad bipartisan support, I passed legislation expanding our courts' authority to penalize convicted fish and wildlife poachers, and I will continue fighting for increased funding to manage our valuable natural resources.

Promoting Oregon Business

As a member of the Economic Development and Trade committee, I seek to provide the tools that Oregon businesses need to thrive. I have supported legislation to increase access to small business training and assistance, and to improve broadband services to level the playing field for businesses in rural parts of our state.

Health Care for All

I believe that every Oregonian deserves access to quality, affordable health care. In 2018, I helped increase funding to address opioid addiction and promote mental health, and to lower prescription drug prices through increased price transparency.

Prior Governmental Experience: State Representative; Tigard Planning Commission

**State Representative Margaret Doherty
Independent Ideas that Work for Oregon**

Investing in Oregon's Schools

As an advocate for our schools for 40 years and a former teacher, Margaret has never stopped fighting for our kids. As Chair of the House Education Committee, Margaret has worked hard to increase funding for our schools, so we can reduce class sizes and stop teacher layoffs. Margaret has led the charge to end childhood hunger, and she'll continue to work hard to improve graduation rates and address the rising cost of college.

Putting Working Oregonians First

Margaret has always stood up for our community because she believes every Oregonian who works hard should have a fair shot at getting ahead. Families should never have to choose between buying food and paying their rent – that's why Margaret supports policies that will lift low-income workers out of poverty and strengthen the middle class. As State Representative, she has worked to make sure all Oregonians have access to affordable housing, quality health care, and a secure retirement.

A Bold Voice For Our Values

"In Oregon, we look out for one another. When I go to work in the Legislature, I think about the kids who grew up down the street and are now headed off to college, taking out loans so they can go to their dream school. I think about my elderly neighbor, who struggles to cover the cost of her prescriptions. I think about the parents in our community that want the best for their kids, but worry about crowded classrooms and the high cost of child care. We've come so far, but there's work left to do, and I would be honored to continue to serve our community." - Margaret Doherty

Building a Healthy Community

For decades, Rachel has been at the bedside taking care of patients during some of their most vulnerable times. She's running because she's watched too many patients make hard decisions about what bills to pay or which medications to go without. As our representative, we can trust Rachel to fight for:

- Affordable, accessible health care for all
- More affordable prescription drugs
- Common sense gun safety

Strengthen Our Schools

Rachel is the advocate our kids and schools need. She understands strong schools are the key to healthy neighborhoods and a vital economy.

- Expand access to Head Start and affordable childcare

State Representative, 38th District

Andrea Salinas

Democrat

Occupation: State Representative

Occupational Background: Government Affairs

Educational Background: BA Psychology, University of

California, Berkeley

Prior Governmental Experience: Legislative Aide, U.S. Congressman Pete Stark; District Aide, U.S. Congresswoman Darlene Hooley

For more than 20 years, including the past seven months serving as Oregon's House District 38 Representative, I have been on the front lines, **working to protect and pass policies that help women and children, working people, seniors and the environment.**

As a working mom to my daughter Amelia, a seventh grader at LO Junior High, I know how important a strong community plays in our children's education. When racism and bigotry in our schools made headlines in our last election, I took my ethic of hard work and led by example. **I co-founded LO for LOve** to teach our children that diversity, inclusion and kindness are values we lead with in Lake Oswego.

I know how to get things done in our state Capitol. I've worked along side our elected officials to help **provide Oregon families with a fair shot by increasing the minimum wage, fighting climate change and leading the efforts to pass the nation's most comprehensive reproductive health care bill in 2017.**

I do this work because **for too many Oregonians, the cards are stacked against them.** Wages aren't keeping up, college is becoming increasingly out of reach and health care consumes a bigger chunk of families' take-home pay and small business profits.

I'm dedicated. I'm committed. I'm a hard worker. I am proud of the amount of sweat equity I have put toward making Oregon a better state for all.

I'm ready to continue to lead as your State Representative, and doing it in a way that brings people along, leaving the door open, reaching out to lift others up and bringing more chairs to the table. This is the type of leadership we need in Oregon's State Capitol.

I ask for your vote for State Representative for House District 38.

Lou Ogden: 25 years of proven, non-partisan leadership!

Under my leadership, Tualatin has become a prosperous community where people can live, work, and play. Since being elected, Tualatin's asset value has increased over \$3 billion-dollars, and we've **successfully facilitated creating thousands of family-wage jobs** in Washington County. Every community in Oregon deserves the same success. With your vote, we can make that a reality!

People, Not Politics

As our next Commissioner, I believe **we must restore balance between business and workers**, and make sure everyone is treated fairly. When companies don't follow the law, we'll help bring them into compliance, not force them out of business or levy outrageous fines.

I'll focus on closing trade skills-gaps, so people can attain higher-wage jobs. It starts by connecting our K-12 system to Oregon's workforce needs.

EXPERIENCED. DEDICATED. FAIR.

EXPERIENCED

Before joining the Oregon Supreme Court, Judge Duncan served on the Oregon Court of Appeals, where she authored opinions in a wide range of civil, criminal, and administrative cases. Prior to becoming a judge, she worked as a trial and appellate attorney, frequently litigating novel and complex issues.

Judge Duncan is a leader and an educator; she has served on the executive committees of the Oregon State Bar's Constitutional Law and Criminal Law sections, and she has frequently lectured on topics including appellate, constitutional, criminal, family, and juvenile law.

DEDICATED

Judge Duncan went to law school to pursue a public service career, and she is honored to have had the opportunity to do so as an attorney and judge. She recognizes the importance of each case, to both the litigants and the law, and is conscientious and hard-working. She uses her knowledge, experience, and energy to serve the court and the citizens of the state.

Judge Duncan has a deep commitment to the rule of law. She approaches each case with an open mind, considers all issues carefully and thoroughly, and bases her decisions solely on the facts and law. Occupation: Lawyer, licensed to practice law in Oregon and Missouri; Senior Policy Analyst, Oregon Department of Consumer and Business Services (DCBS).

Occupational Background:

Educational Background: Master of Laws (LL.M.) in Dispute Resolution and Juris Doctor (J.D.), University of Missouri-Columbia; Bachelor of Arts (B.A.) in History, Southeast Missouri State University.

Prior Governmental Experience: See Occupation and Occupational Background above.

Professional Memberships: Oregon State Bar (Administrative Law Section); The Missouri Bar (Alternative Dispute Resolution Committee; Labor & Employment Law Committee); Marion County Bar Association.

Let's Make Your Vote Count

Van Pounds is seeking a state judgeship. He also is seeking to call attention to the process by which judges in Oregon get picked.

Although the Oregon Constitution states that judges are to be elected by the voters of this state, the die is often cast long before any election. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent. Current judges on the Oregon Supreme Court serve as a prime example.

Oregonians deserve a more meaningful say in who gets to be judge.

Van Pounds offers voters a true ballot choice. He possesses the experience and commitment necessary to do the job. And he understands the responsibility of the Court to not only resolve disputes, but provide timely legal guidance -- to the public, the bench and the bar -- in a manner that demystifies the law and minimizes the prospect of further disputes.

Consistent with the Code of Judicial Conduct, Van Pounds pledges to perform the duties of judicial office fairly and impartially, and in accordance with the rule of law. He welcomes your vote.

EXPERIENCED

Oregonians elected Judge Armstrong to the Court of Appeals by overwhelming margins. He continues to serve with distinction, writing opinions in the court's full range of cases. Before election, Judge Armstrong spent 16 years representing people before Oregon courts.

RESPECTED

"Judge Armstrong has been a hard-working member of one of the country's busiest appellate courts. The court has many new members and needs the experience that Judge Armstrong brings."

Former Oregon Chief Justice Paul DeMuniz and former Court of Appeals Chief Judge David Brewer

"We care deeply about Oregon courts and worked to appoint judges who are committed to the rule of law and who understand Oregonians and their values. Judge Armstrong exemplifies those qualities. We strongly support his re-election."

Former Governors Barbara Roberts and Ted Kulongoski

"We are legislators from opposite parties and sides of the state, but we are united in supporting Judge Armstrong. He has done outstanding work applying the laws that we enact."

Representative Jennifer Williamson (D. Portland) and Senator Cliff Bentz (R. Ontario)

"Oregon's employment laws are complicated, and employers and employees need to have a clear understanding of their responsibilities. Judge Armstrong's clear and thoughtful work has contributed to the body of law on which we rely every day."

Greg Hartman, lawyer for unions and employees, and Paula Barran, lawyer for employers

RE-ELECT JUDGE ARMSTRONG

"I am honored to have been elected to serve Oregonians as a Court of Appeals Judge. I understand the important, but limited, role of judges in our government, and I pledge to continue to be a fair and impartial judge and to treat everyone with respect."

Transparency. Accountability. Fairness.

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

Currently, the Court of Appeals decides most of its cases by "affirming without opinion." That means the court gives no explanation whatsoever for its ruling. For many civil, criminal, and administrative appeals, that non-explanation ends up being the last word.

Such a practice is far less common in the rest of the country. Many other state and federal appellate courts give at least one or two sentences to explain their rulings. That helps the parties, other courts, and the public know why the court did what it did—which keeps courts accountable.

I think Oregon deserves at least that much. And I think our appellate court can do that much. I recognize that our judges have a tough job, and I respect the efforts they're making. There are too many cases and not enough judges to give them all the attention they deserve.

But there's room for improvement. And I'm up to the task. In the last five years, I've written over 300 appellate briefs and argued before the Court of Appeals over 60 times. My work is high-quality, too—the Oregon Supreme Court has called my briefing "thoughtful." (*State v. Cuevas*, 11/13/15.) In short, I'm one of the most productive appellate attorneys in the state.

As a judge, I will bring that productivity to the court. I will work to end the "affirm without opinion" practice, without sacrificing the quality or speed of decisions. I believe that will make our courts more open, more accountable, and fairer to all Oregonians.

Prior Governmental Experience: Deputy District Attorney (1990-2006)

During my 12 years of service as a trial court judge in Washington County, I have presided over criminal, civil, juvenile and family law cases. Throughout, I have worked to promote fair and effective court proceedings.

As a criminal trial court judge, I supervise Washington County's Mental Health Court. This specialized criminal court coordinates the expertise of mental health professionals to support treatment focused court outcomes for individuals that have a serious personal mental illness. For 6 years I have served as the chair of the board of directors for the Washington County affiliate of the National Alliance for the Mentally Ill (NAMI) to strengthen community support and education for those caring for a mentally ill family member.

As a family law judge involved in disputes over children and property, I also serve as an appointed member of the Oregon State Bar's Professionalism Commission and have spoken at legal seminars to encourage civility and professionalism in court proceedings. Promoting civility and professionalism in court proceedings ensures parties make informed decisions, gain meaningful participation in the court process and encourages lawful practices.

As a juvenile court judge, I also served on the statewide Juvenile Law and Education Institute to improve consistent practices and policies in juvenile court proceedings. As a member of the Washington County Bench and Bar Committee I worked to improve teenage participation in court hearings and promote foster care placements with family members.

My entire career as a lawyer, and as a judge, I have worked to promote fairness in the justice system by strengthening relationships between the judicial system and the community. I am honored by your support and pledge my continuing commitment to promote integrity and transparency in all court proceedings.
