Why are you interested in serving on the Board/s you are applying for?

The library system in Washington County was a huge part of my childhood and I have utilized its services since I was old enough to read. I would love to have the chance to make sure other kids have the same experience and use my younger perspective to improve the library for my age group and others!

What education, work experience, volunteer experience or life experience do you bring?

I bring extensive leadership experience for my age because I've been involved in in-school leadership programs since fifth grade, such as serving as a mentor to younger students, organizing school activities, sitting on planning committees, and working as an Ambassador to give parent tours of my high school, St. Mary's Academy, and work with families who are interested in applying. Through the school, I also participate in Model United Nations. As a competitive fencer, I'm used to working hard for things I have a passion for, one of which is definitely reading, as well as writing. I've won several Scholastic awards for my creative writing and been invited to attend the School of the New York Times.

Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.

I understand that the West Slope Advisory Board is working hard to make sure underserved communities have access to the library system through working to improve equity in our area. Creating stronger relationships with schools is also very important, and I'd love to work on outreach via a teenager's perspective to both teachers and students and see how our system can improve education, especially during such trying times.

List any potential conflict of interest between your public and private service that might result from your appointment to a Board/s you are applying for.

No conflicts.

Why are you interested in serving on the Board/s you are applying for?

In the past have served on many committees, advisory committees and as a member of a board of directors. I have enjoyed working with others for a common goal. I like listening and working as a team creating strong feedback and solutions. The West Slope Library is at the heart of our community. When my boys were young we spent countless hours at the library each week.

What education, work experience, volunteer experience or life experience do you bring?

My work experience has been in Project Planning where I was able to take my organizational skill to work. I was able to take information from many organizations and individuals and create a plan for a common goal. I have served on many advisory committees, working committees and as a member of a board of directors. These opportunities came about in corporate environments, as a parent and through my children's schools.

Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.

I believe all organizations are struggling with how to do business during a pandemic. There are also concerns with how to keep libraries relevant as technology advances. Changes in Management nearly always brings adjustments to the environment, as times this can be challenging.
