

IN THE BOARD OF COUNTY COMMISSIONERS

FOR WASHINGTON COUNTY, OREGON

ORDINANCE NO. 817

An Ordinance Adopting Chapter 3.14 of the
Washington County Code Imposing a Vehicle
Registration Fee

The Board of County Commissioners of Washington County, Oregon (Board)

ordains as follows:

SECTION 1 (Findings)

A. An ordinance establishing the imposition of County vehicle registration fees is authorized by Oregon Revised Statutes 801.040, 801.041, 801.445.

B. A well-maintained road system is essential to sustaining the local economy and the livability of our communities by supporting the safe and efficient transportation of people and goods.

C. Current county road fund revenues derived primarily from gas taxes are insufficient to meet current and future road maintenance, safety and operation needs due to maintenance cost increases, vehicle fuel efficiency increases, and the increasing needs of a growing and aging road system.

D. The county's Department of Land Use and Transportation commissioned an independent third-party assessment that found that additional revenues are needed to adequately maintain the county road system.

E. The county road network has experienced degradation due to insufficient maintenance funding, and additional degradation is expected without additional

1 maintenance funding.

2 F. Cities within Washington County have also expressed the need for
3 additional revenues for road maintenance, operation, and improvement of roads under
4 their jurisdiction.

5 G. A vehicle registration fee is a stable form of revenue that is generated by
6 users of roads within the county.

7 H. Revenues from a vehicle registration fee can be used for road-related
8 purposes as defined in Section 3a of Article IX of the Oregon Constitution. Such uses
9 include maintenance and operation of existing county roads.

10 I. Revenues from such a fee must be shared with cities within the county.

11 J. It is in the public interest to implement a vehicle registration fee to provide
12 additional revenue for the purposes described herein.

13 K. Adequate funding for the maintenance of county and city road systems is a
14 statewide concern.

15 L. If the Oregon State Legislature in its 79th legislative session of 2017 enacts
16 legislation that is projected, within the first full fiscal year following the effective date of
17 said legislation, to provide additional state highway fund revenue to Washington County
18 equal to or greater than the amount projected to be raised for the County by the County
19 vehicle registration fee, then the County will have no need to impose this fee.

20 M. This Ordinance complies with the requirements set forth in the
21 Washington County Charter and the Washington County Code.
