Community Announcements

7:30 pm

How does Clean Water Services protect the watershed?
What does CWS do to protect the watershed on public, private, and developing land. Why is it important, and how can we help?

Interesting program and mentioned that they'd be back in November to present on the Oregon Solutions program to address flooding in the Cedar Mill Creek watershed.

8:15 pm

Metro Update: Kathryn Harrington visited to discuss transportation planning and funding; and changes coming on way for garbage and waste diversion.

8:40 pm

THPRD Natural Resources: Kyle Spinks gave an entertaining and informative talk about the Natural Resources Citizen Science program and share results from this year's volunteer wildlife surveys.

9 pm: Adjourn
