7:30 pm **Earthquake Preparedness:
Are YOU ready?**

Is a large earthquake in the Pacific Northwest inevitable? Newly assembled research shows that the Pacific Northwest is about 70 years overdue for an 8.5 or larger earthquake. Be prepared! First responders such as the police, firefighters, and other agencies, if they are able, will need to attend first to the greatest needs. A speaker from Tualatin Valley Fire and Rescue will share what you can do in your own household now and immediately after an earthquake.

Watch for information in the August CPO News about a CPO volunteer-hosted event on earthquake preparedness: **Quake Up! - October 10th**

CPO 1 will not hold a meeting in August. National Night Out - August 4th.
