County Boards and Commissions Vacancies

Apply now! Washington County is committed to broad community engagement and offers several appointed boards, committees and commissions which allow community members to participate in the decision-making process. Serving on an board, committee or commission is also a great way to learn more about how local government works. The County's boards and commissions play a variety of important roles in advising the Board of Commissioners on service priorities, how to distribute available resources, and how to improve our collaboration with other parts of the community.
