Short Trainings Available on Community Engagement

At select meetings of the Washington County CCI ([Committee for Community Involvement](#)), volunteers are now able to receive brief trainings on skills like facilitation, making safe and welcoming spaces for meetings, using effective engagement methods or tools, and ways to learn and cultivate your group leadership and successful participation. Talk to a CCI rep with your CPO to find out more. Does your CPO have openings for CCI representatives? Some CPOs do not currently have volunteers in those positions. If so, this may be the opportunity you've been looking for to get involved. Let your CPO Chair know you're interested.

The mission of Community Participation Organizations in Washington County is to encourage and empower public involvement.
