

IN THE BOARD OF COUNTY COMMISSIONERS

FOR WASHINGTON COUNTY, OREGON

In the Matter of Adopting a Resolution on) RESOLUTION
Diversity, Equity and Inclusion)
) No. _____

This matter having come before the Washington County Board on February 25, 2020, and

It appearing to the Board that:

Whereas, the government of Washington County is of and for all the people of Washington County; and

Whereas, Washington County is one of the most racially and ethnically diverse counties in the State of Oregon, and this diversity fuels innovation and supports robust communities and a rich cultural life in the county, the State of Oregon and the nation; and

Whereas, areas and regions of the country that are more racially and ethnically diverse enjoy stronger economies – and often, better social and health outcomes – than those that are less diverse; and

Whereas, we, the Washington County Board of Commissioners, recognize Oregon’s and America’s long history of racial discrimination, and the many barriers in our county that impede diversity, equity and inclusion; and

Whereas, Washington County residents of color, on average, experience higher rates of poverty and unemployment, and have lower median incomes than the county’s White, non-Hispanic residents; and

Whereas,

- Hispanics are significantly under-represented in the Washington County government’s workforce, while non-Hispanic Whites are significantly over-represented;
- African American and Hispanic youth in Washington County are much more likely to be referred to Juvenile Court than White youth; and
- The 2018 “Leading with Race” report from the Coalition of Communities of Color noted, among other findings, that:
 - Lenders in Washington County are more likely to reject home-loan applications from high-income African Americans and Latinos, 86% and 125% more likely, respectively, compared to those from high-income White (non-Hispanic) home-loan applicants.
 - As many as 68% of Native American single mothers with children are in poverty in Washington County, a rate even higher than the national poverty rate of 48% for Native American single mothers.

Whereas, despite these and other challenges, racial and ethnic communities in Washington County continue to build and nourish thriving families, businesses and neighborhoods; and

Whereas, these inequities can and must be addressed as Washington County has a moral and legal responsibility to provide all its residents with equitable access to the County’s public resources; and

Whereas, we recognize and reaffirm Washington County’s commitment to creating an inclusive culture that values and celebrates the diversity of the county’s residents and employees; and

Whereas, we will lead the equitable delivery of Washington County’s services to every county resident, and will provide equitable opportunities for growth, development and access to resources; and

Whereas, the government of Washington County is committed to dismantling long-standing systems, programs, policies and practices that may have historically created obstacles to the success of people of color, members of ethnic communities and any marginalized group; and

Whereas, the Washington County government is committed to ensuring that its staff in frontline and management roles mirrors the demographics of the community it serves; and

Whereas, the Board of Commissioners is taking a systematic approach to diversity, equity and inclusion and will proceed with care and thoughtfulness; and

Whereas, we acknowledge the diligent efforts and commitment to improving diversity, equity, inclusion and effectiveness provided by County frontline employees and leadership staff, including members of the Diversity, Equity and Inclusion (DEI) “Think Tank” and the staff Equity Committee; and

Whereas, the Board of County Commissioners values and will be responsive to the community’s evaluation of and feedback about the County’s diversity, equity and inclusion initiative; and

Whereas, Washington County government procures goods and services through the issuance of contracts and purchase orders with taxpayer funds; and

Whereas, we strive to act with humility and openness as we evolve new and better insights and solutions to achieving a more equitable Washington County and that this is a journey

with a long continuum that will require a long-term and ongoing commitment from this and future boards.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED, that on this 25th day of February, 2020, the Washington County Board of Commissioners will:

- **Diversity:** In an organization, the ways in which people differ. Diversity encompasses all of the different characteristics that make one individual or group different from another.
- **Equity:** The result of fairness and justice in the creation and delivery of public policy. Equity in Washington County will exist when every county resident participates fully in the region's economic vitality, has access to the County's services and other resources, and has the opportunity to reach their full potential.

- **Inequity:** Differences in health, well-being, socio-economic status and similar outcomes that privilege one or more groups at the expense of others.
