Overview of Master Plan Update

While the Event Center construction is exciting, there is much more potential for community benefit at the Fair Complex, so a new round of planning is starting focused on:

- The western portion of the Fair Complex site
- Multi-use improvements that would benefit county residents year-round
- Long term stability and viability of the annual County Fair
- Maximizing the benefits of the new Event Center for all Fair Complex activities
- Identifying projects that can be recommended for priority funding
