I. INTRODUCTIONS

II. PUBLIC COMMENT
No public comment.

III. APPROVAL OF MEETING MINUTES
    Motion: Approve HSSN Workgroup April 12, 2019 meeting minutes.
    Action: Gordon Teifel
    Second: Katherine Galian
    Vote: Approved, unanimous.

IV. BUSINESS ITEMS
    A. Review CoC Program project rating (score results) and develop ranking order based on Project Performance and CoC Priorities
    The CoC Board reviewed the CoC Rating and Ranking Policy and HUD priorities identified in the Notice of Funding Available (NOFA). Incorporation of HUD Threshold Tool and expanding the
performance criteria for rating into our process will provide a strong framework for implementing a data-drive rating and ranking process informed by system priorities and capacity analysis.

As outlined in the Request For Proposals issued on 7/11/2019, HUD will continue the Tier 1 and Tier 2 funding process. Tier 1 is 94% of the combined Annual Renewal Demand (ARD) for eligible renewal projects. Project applications in Tier 1 will be conditionally selected from the national highest scoring CoC to the lowest scoring CoC, provided the project applications pass both threshold review. Tier 2 is 6% plus any amount available for CoC Bonus projects (not including amounts available for DV Bonus projects). This does not include the amounts available for CoC Planning. If a project application straddles the Tier 1 and Tier 2 funding line, HUD will conditionally select the project up to the amount of funding that falls within Tier 2. HUD will allow project applicants to apply for a new expansion project under the DV Bonus, reallocation, and CoC Bonus processes to expand existing projects that will increase the number of units, persons served, services provided to existing program participants.

On 8/7/2019, each project applicant and subawardee received a copy of the application score results. Renewal projects included a copy of the Annual Performance Report (APR) extrapolated from HMIS to demonstrate performance outcomes for the period 7/1/2018 to 6/30/2019. Annette Evans recapped the scoring process that took place at the August 7 HSSN CoC business meeting. Voting occurred per policy with one vote per agency based on attendance threshold with two agencies that recused themselves due to potential future involvement with the projects. A summary of the Rating and Ranking scoresheet was distributed that included each project with the score value assigned with a total of 52 points available for each renewal and new project applications.

**Discussion and Questions Regarding the Rating and Ranking Process**

**Safe Haven Project Renewal**

Lindsay Downen, Clinical Director, Luke-Dorf, Inc. commented on the ranking of Safe Haven with 28 of 52 points (the lowest rated project due to low bed utilization and low outcomes in exits to permanent housing). The low performance of the Safe Haven program is a result of double occupancy and small rooms have proven problematic for this chronic population. Safe Haven clients are experiencing acute symptoms of mental illness and rooming them with a stranger experiencing the same issues is not the best solution. Most of the clients of this program are unable to work due to disabilities resulting in challenges to increase income. Safe Haven is an expensive program with 24-hour day staffing and intensive case management services. Luke-Dorf is reevaluating how Safe Haven will operate moving forward with funding coming from sources should the HUD funds be reallocated to other projects.

**Sojourner’s House Renewal and Sojourner’s House Expansion**

Rowie Taylor questioned the Tier straddling process and what if we get the DV funds? It was explained that based on ranking the DV programs are currently placed in Tier 1, however if the application scores well enough to receive the DV Bonus funds the Expansion program would be removed from Tier 1 and funded by DV Bonus. If that happens the remaining Tier 1 and Tier 2 projects would slide up in ranking.

**Shelter Plus Care Renewal (Straddle Tier 1 and Tier 2)**

If the SPC renewal loses a portion of funds, Washington County will work with sponsor agencies to address other housing subsidy provided in a move-on preference. Approximately 40 households could be affected by this.

**CoC Rapid Rehousing for Families**

Pat Rogers inquired about HMIS data timeliness as a performance requirement and the fact that all agencies received zero points in this category. Kristy Eckhardt explained how data timely is calculated by the number of days from project entry to HMIS data entry of the program start date.
or program exit date. ServicePoint timestamps data in real time, so even though you can back date the system bases your timeliness from that. If agencies would like to receive points in this category next year they will have to determine how to achieve entering data in 6 days or less from program start and program exit.

**HMIS, Reentry Housing, Housing Stabilization, Transitional Living Program, Hillsboro Graduated Independent Living, and FY2019 CoC Planning**

No discussion on rating of these project applications.

In summary, the CoC Board discussion included ranking applications based on the score received out of the total 52 points available, with highest score ranked prior to lower scoring applications. The Safe Haven project would not be ranked, and instead be reallocated.

On or before August 15, notification letters will be emailed to each project applicant/subawardee advising on the HSSN Workgroup decision for rank order and acceptance or rejection of applications. Appeals process requires notification within 5 business days following the release of the notification letter.

**Motion:** Approve the FY2019 Project Priority Listing ranking to include reallocation of the Safe Haven project funds to higher ranking projects.

**Action:** Gordon Teifel
**Second:** Renee Brouse
**Vote:** Approved, unanimous.

**B. OR506-CoC Racial Disparity Analysis—Annette Evans**

A racial disparity analysis of the CoC was performed by the Board. Using the HUD Racial Equity Analysis Tool, a breakdown of persons served during the operating year October 1, 2017 to September 30, 2018 based on race and ethnicity was presented. The tool compares...
race and ethnicity of the County population data against State population data, and the 2017
Point-In-Time Homeless Count data. The CoC used the Longitudinal Systems Analysis data to
compare race and ethnicity of persons entering shelter and housing v. persons in permanent
housing. When asked if the CoC is ensuring that staff at the project level is representative of
the persons accessing services, it was the consensus of the Board that agencies try to hire a
diverse workforce. Lindsay suggested forming a subcommittee to be charged with performing
a more in-depth analysis of diversity, equity, and inclusion throughout the CoC. The Board
determined that racial disparities exist as people of color are not represented in the permanent
housing programs proportionately to the number accessing shelter and housing, as well as
those engaged during the PIT Homeless Count.

C. **FY2019/20 State Funding Allocation—Katherine Galian**
Katherine consulted with the CoC Board on the budget for the $2,009,845 in EHA and SHAP
funds allocated by the Oregon Housing and Community Services (OHCS). The monies will be
distributed to all parts of the homeless system, starting with Outreach through Community
Capacity Building. OHCS held back 10% of funds to invest $5 million for capital improvement
projects, an estimated $1.5 million for Winter Shelter operations and $3.5 million in competitive
shelter capital funds. Katherine provided a handout that outlines the breakdown of funds. The
overall gain in funding of $159,814, includes removing the one-time funding provided last year
of EHA Discretionary and HB5210 funds that helped to fund street outreach and Severe
Weather Shelters (SWS). No funds were allocated to Hotel/Motel Voucher, but it was left in the
overall budget to retain the option to move extra money to this category. Funds need to
demonstrate if a program is successful in reducing the length of time homeless, incidents of
homelessness, and number of unsheltered individuals, or increased exits to permanent housing
they received a larger percentage of funds.

D. **Court Ordered Fees and fines—Attorney Ellen Johnson**
This item is carried forward to the October meeting.

E. **A Road Home: 2019 Challenges and Outcomes—Annette Evans**
Data is being extrapolated from HMIS to use in the annual report. Annette will be writing a draft
report to present at the October 11 meeting. The report will go to the Homeless Plan Advisory
Committee (HPAC) for final review and recommendation to present to the Washington County
Board of Commissioners, and then distributed publicly.

V. **AGENCY ANNOUNCEMENTS AND OPEN DISCUSSION**
Annette announced the resignation of CoC Board Member, Kelly Lesmeister from CODA, Inc.
Nominations for this vacancy are being accepted and will be voted on by the HSSN.

VI. **WORKGROUP MEETING SCHEDULE – SAVE THE DATE**
