SUMMARY:

A-Engrossed Ordinance No. 826 proposes to amend the Community Development Code to: streamline the review process and submittal requirements for telecommunication facilities; restructure Special Use Section 430-109 to be clearer and more user friendly; and update the code to comply with federal requirements for telecommunication facilities.

A-Engrossed Ordinance No. 826 is posted on the County's land use ordinance webpage at the following link:

At its September 19, 2017 public hearing, the Board directed several changes to the text of the ordinance regarding cabinet size, consistency with Federal Communications Commission (FCC) language and other standards, and removal of a section on facilities in the public right-of-way.

A staff report will be provided to the Board prior to the October 10, 2017 hearing and posted on the above land use ordinance webpage. Copies of the report will also be available electronically and at the Clerk’s desk prior to the meeting.

Consistent with Board policy, testimony about the ordinance is limited to three minutes for individuals and 12 minutes for a representative of a group.
