Subject: PROPOSED A-ENGROSSED ORDINANCE NO. 762

June 7, 2013

On March 20, 2013, you were notified about initial public hearings for proposed Land Use Ordinance No. 762 before the Planning Commission on April 17, 2013, and the Board of Commissioners (Board) on May 21, 2013. The Board ordered substantive amendments to this ordinance on May 21, 2013. These changes have been incorporated into proposed A-Engrossed Ordinance No. 762 and are summarized below.

Ordinance Purpose and Summary
A-Engrossed Ordinance No. 762 primarily addresses the regulation of farm stands in Washington County. The Community Development Code currently exempts farm stands from permit requirements. The proposed ordinance responds to the Land Use Board of Appeals (LUBA) decision of August 8, 2012 (Keith v. Washington County), which found that the statutory criteria governing farm stands require the use of discretion and are therefore a "permit" as defined in ORS 215.402(4).

Who Is Affected
Owners of properties located in unincorporated Washington County where direct sales of farm crops are made, and owners of land designated Exclusive Farm Use District (EFU) or Agriculture and Forest District (AF-20) where farm stands may be authorized.

What Land is Affected
Properties located in unincorporated Washington County where farm crops are sold from farm stands or directly to the public.

Original Ordinance No. 762 Provisions
As originally filed, Ordinance No. 762 proposed the following amendments to the Community Development Code (CDC):

- Amends CDC Section 201, Development Permit, to exclude direct sales of farm crops from land use permit requirements in most rural land use districts when a building permit is not required.
- Amends CDC Section 340, Exclusive Farm Use District (EFU), and Section 344, Agriculture and Forest District (AF-20), to require a Type II land use review for proposed farm stand structures.

Proposed A-Engrossed Ordinance No. 762 Provisions
- CDC Section 201 is amended to exclude the direct sale of farm crops, as described in ORS 215.203, from land use permitting requirements when a building permit is not required.
- Amendments to CDC Sections 340 and 344 remain the same as described above and in the originally-filed Ordinance No. 762.
