

URMD Pedestrian and Biking Improvement Projects Overview (for URMDAC's October 17, 2018 Meeting)

Updated: October 17, 2018

Year of the program	URMDAC's Rec.	For funding in	Amount funded	# of projects	Projects	Status
1	Fall 2011	FY 2012/13	\$911,000	7	Six ped paths, one guardrail	All completed
2	Fall 2012	FY 2013/14	\$2.7 million	6	Five ped paths ¹	All completed
3	Fall 2013	FY 2014/15	\$2.8 million	6	Four ped paths, one ped/bike path, one ped improvement ²	All completed
4	Fall 2014	FY 2015/16	\$2.6 million	6	Six ped paths	All completed
5	Fall 2015	FY 2016/17	\$2 million	7	Five ped paths, two sidewalks	6 of 7 completed.
6	Fall 2016	FY 2017/18	\$3.7 million ³	9	Nine sidewalks	1 completed; 5 under construction; 3 to be constructed 2019
7 & 8 ⁴	Fall 2017	FY 2018-19 and FY 2019-20	\$7 million (\$3.5 million each FY)	8 (over two years)	Eight sidewalks	All in design phase
Total over first eight years of the program:			Over \$21.7 million	49 projects		

¹ The improvement project planned for Butner Road from Cedar Hills to Murray was later canceled. As the design process progressed it became evident to engineers that environmental and drainage requirements made the project cost prohibitive. URMDAC heard an update on the status of this and other improvement projects funded for FY 2013-14 at its January meeting. Based on the project manager's report, the committee voted unanimously in favor of canceling the Butner project. Funds allocated for the Butner project were carried forward to future improvement projects.

² The pedestrian improvement was construction of curb ramps.

³ URMDAC was told \$2.6 million was available for FY 2017-18; in the fall of 2016, URMDAC selected 8 projects totaling \$2.2 million. In April 2017, URMDAC was told another \$1.5 million was available for FY 2017-18; in May, URMDAC selected one additional sidewalk project costing \$1.5 million (Bull Mountain Road).

⁴ In the fall of 2017, URMDAC decided to allocate URMD pedestrian and biking improvement funds for the next two fiscal years, and not go through a selection process in 2018.
