# Minor Betterment Program

## Candidates for construction in 2015-2016

### Candidate 200 – 95th Avenue

**Need/request:** Pathway through unimproved right-of-way connecting 95th Avenue to Taylor so pedestrians do not have to walk around the block or in the mud.

**Proposed solution:** Construct about 300 feet of 5-foot-wide paved pathway to connect 95th Avenue from Salmon to Taylor. This will provide pedestrian and bike access to West Haven Drive.

**Estimated cost:** \$167,000 assuming some drainage improvements may be required and adequate right-of-way exists.
