

## Candidate 197 – 90<sup>th</sup> Avenue

**Need/request:** Sidewalks/pathways along 90th Avenue between Stark Street and Leahy Road so pedestrians do not have to walk in the travel lane with vehicles or alongside the road in the grass and mud.

**Proposed solution:** Construct about 1300 feet of 5-foot-wide paved pathway, separated from the travel lane behind the ditch, along the east side of 90th Avenue from Stark Street to Leahy Road.

**Estimated cost:** \$365,000 assuming some drainage improvements may be required and adequate right-of-way exists behind the ditch.
