**Q6: Comments about this road work**

A few spots were messed up by driver. Spots have been circled (assuming for fix), but they have not been fixed yet.  
 Neglected to inform neighbor to remove their pile of dirt that was in the road. As a result, the slurry driver went around the dirt and did not cover that portion of the roadway. Does not look good and could be bad for the road in the long run.

Thank you for coming back and fixing the areas where a clueless person drove ALL THE WAY DOWN the freshly resurfaced street. Maybe the barricades need more info on them for those "trapped" inside the neighborhood. The first time, the "advance warning signs" had the wrong date on them, and I wish those were more eye-catching and easier to read the date/times.
