in 2015-2016

### Candidate 061 – Rock Creek Boulevard

**Need/request:** Fill gaps in existing sidewalks along Rock Creek Boulevard between Malhuer Avenue and Rock Creek Drive so pedestrians do not have to walk in the travel lane with vehicles or alongside the road in the grass and mud.

**Proposed solution:** Construct about 900 feet of 5-foot-wide paved pathway along the north side of Rock Creek Boulevard from Malhuer to Rock Creek. This will provide a continuous pedestrian walkway along the north side of Rock Creek Boulevard from Cornelius Pass Road to 185th Avenue.

**Estimated cost:** \$257,000 assuming some drainage improvements, pedestrian bridge may be required, and adequate right-of-way exist.
