

175th Avenue / Kemmer Road Intersection

Staff Recommendation – Alternative 3 (Roundabout)

- **Safety** – Slower speeds, fewer conflict points (vehicles, pedestrians, and bicycles) and a proven record of crash reduction. Bicyclists have option of either using roadway or sidewalk.
- **Capacity / Performance** – Comparable to signalized intersection.
- **Environmental** – Better fuel efficiency, reduced emissions and noise
- **Community Support** – Highest of the alternatives
- **Cost** – Lowest overall estimated cost
