

175th Avenue Projects

FUNDING

MSTIP Bonding Cost-Sharing Program

The 175th Avenue projects were two out of 20 projects selected for this new funding program.

The program is in partnership with Beaverton, Hillsboro and Tigard – four major residential growth areas.

2/3 of the cost of the program will be funded by Washington County (in the form of bonds). 1/3 of the cost will be funded by the cities and development.

This program will allow improvements to be made proactively – before the deficient roadways become problematic.
