

175th Avenue Projects

FUNDING

MSTIP Bonding Cost-sharing Program

Two 175th Avenue projects are among 20 selected for this new funding program.

The program is a partnership with Beaverton, Hillsboro and Tigard to address roads in four areas of major residential growth.

Funding sources:

2/3 Washington County, in the form of bonds.

1/3 partnering cities and development.

The program allows improvements to be made proactively, before deficient roadways become overwhelmed by residential growth.
