Butner Road Culvert Replacement

New sidewalk and crosswalk

The Butner Road Culvert Replacement Project is being updated to include a crosswalk on Butner Road at the SW 126th Avenue intersection with a flashing beacon. Sidewalks and bike lanes will be installed on both sides of Butner Road in vicinity of the culvert replacement.

Construction scheduled for 2019

The Butner Road culvert project, previously scheduled for construction this summer, is being postponed for acquisition of additional right-of-way.

Project design will continue into fall 2018.

The culvert replacement is anticipated for summer 2019. Project dates are estimates and subject to change.
