Butner Road Culvert Replacement

Construction delayed to 2020

Due to the increased project scope and unanticipated environmental issues that need to be addressed, the Butner Road culvert replacement is now scheduled for summer 2020,

Project information

The existing culvert on Butner Road at Johnson Creek, between 126th and Huntington avenues will be replaced.

A wooden pedestrian bridge will be removed. Sidewalks, bike lanes railings will be added on both sides of the road.

Butner Road will be closed for approximately four weeks for culvert replacement.
