198th Avenue Farmington Road to TV Highway

Open House

Washington County invites you to learn about proposed improvements for 198th Avenue, between TV Highway and Farmington Road, at a project open house 5-7 p.m. Wednesday, Dec. 6, at Edwards Aloha Community Center, [4375 SW Edwards Place](#).

County staff will be available to discuss the design plan, which has been developed and refined over the last year. No formal presentation is planned; stop by any time during open house hours.

Open house exhibits will be published to the project page on Dec. 7.

Project Description

198th Avenue, between Farmington Road (OR 10) and Tualatin Valley Highway (OR 8), is a two-lane roadway without continuous sidewalks and bicycle lanes. It is a heavily used north-south collector that connects residential neighborhoods and commercial businesses to two major arterials.

This project will widen this section of 198th Avenue to three lanes.

Additional improvements include:

- Continuous bicycle lanes and sidewalks
- Safety enhancements at all intersections
- Street lighting
- Storm drainage upgrades
- Culvert crossing upgrades

- Roadway geometry improvements

Project design funding is provided through Major Streets Transportation Improvement Program ([MSTIP 3d](#)).
