Update: Citizen Recovers Missing Dog in Clackamas

April 6, 2018 – “Jedi,” the Yorkshire Terrier puppy who was stolen along with his owner’s car on Monday, was recovered today in Clackamas by a citizen who recognized him from media reports. A Washington County deputy is in the process of delivering the dog to its happy owner.

The Washington County Sheriff's Office wishes to thank both the media and citizens who called in tips on this case.

The original media release is below.

Deputies Searching for Puppy Missing From Stolen Vehicle

April 5, 2018 – A vehicle was stolen from St. Vincent Medical Center with a puppy inside. The vehicle was later recovered but the puppy is still missing.

On the afternoon of April 2, 2018, deputies investigated the theft of a stolen teal 1992 Honda Civic from the parking structure of Providence St. Vincent Medical Center, located at 9205 Southwest Barnes Road in Portland.

Deputies learned the victim's brown and black five-month-old Yorkshire Terrier, named Jedi, was inside the vehicle when it was stolen.

On April 4, 2018, 3 a.m., an alert deputy located the vehicle abandoned in the Cedar Hills Shopping Center parking lot. It was canvassed for evidence and returned to the victim shortly after. Unfortunately, the missing puppy was not located.

Deputies have reviewed hospital security video footage and observed two suspects associated with a light-colored SUV. In the video, the SUV is seen stopping next to the Honda, one person gets out and enters the sedan, and then both vehicles later drive away.
