Drugs and Weapons Located During Search Warrant. Suspect Outstanding.

October 28, 2021

Around 6:30 p.m., members of the [Tactical Negotiations Team](#) (TNT) concluded their search of the property located at 55920 NW Wilson River Hwy. in Gales Creek. Damion Clowdus was not located during the search of the property and is still wanted in connection with the hit and run crash that occurred earlier in the morning.

During the search for Clowdus, members of TNT located eight people, and two of the individuals, 62-year-old Carolyn Allen and 21-year-old Kyler Pullins, had outstanding warrants. They were both lodged in the Washington County Jail earlier tonight.

After TNT concluded their search, investigators searched the property for additional evidence related to narcotics distribution and unlawful possession of a firearm.

If you have information on the location of Clowdus, please call non-emergency dispatch at (503) 629-0111.

Tactical Negotiations Team Serves Search Warrant on High-Risk Property

October 28, 2021

On Thursday, October 28, 2021, at 9:30 a.m., Washington County Sheriff's Office deputies responded to a rollover crash in the 11400 block of NW Gales Creek Road. When deputies arrived, they located an unoccupied 1993 Toyota pickup and saw it had damaged the property of two separate residences due to the crash.

Deputies located evidence at the crash scene and spoke to witnesses, which led deputies to believe the driver of the Toyota was 36-year-old Damion Clowdus. Deputies also believed Clowdus ran back to a nearby home to hide.

Deputies are familiar with the home Clowdus ran to and believe the current residents have recently been involved in narcotics trafficking and have firearms.

Deputies applied for a search warrant for the home Clowdus ran to, and a Washington County Judge granted it shortly before 2:00 p.m. Due to the information related to narcotics distribution, firearms known to be in the home, and the criminal history of additional occupants believed to be in the house, the Tactical Negotiations Team was brought in to serve the search warrant.

The search of the home, associated buildings, and property are actively underway.

We will send out additional updates as they become available.
