

American Rescue Plan 2021

INVESTING IN WASHINGTON COUNTY

INVESTMENT

\$35 million

in public health response and recovery

IMPACT SAVING LIVES

Community health workers responded to **1,390+ referrals** for quarantine support.

Launched mobile vaccine clinics with community partners: **74% served** identified as people of color.

First county in Oregon to reach **80% vaccination rate**.

“

Washington County helped me the moment I received my COVID-19 positive results. They called me the next day asking if there was anything they can do, with food, help me with the rent for the month and the light bill. Centro Cultural also provided help with food.

Jose Lopez, barbershop owner in Beaverton.

IMPACT KEEPING SCHOOLS, BUSINESSES, AND COMMUNITY VENUES SAFE AND OPEN

Provided COVID-19 exposure control support to 1,400+ at-risk settings including **schools, daycares, workplaces** and more.

Outreach and education in 25 languages for **mental health support, food security, and economic relief**.

INVESTMENT

\$5.6 million

in economic recovery

IMPACT UPLIFTING LOCAL BUSINESSES

Providing economic relief to **thousands of small businesses** through Business Recovery Centers' programs in multiple languages.

Providing **free PPE**, loan and grant information, technical assistance, legal clinics, and educational tools.

Establishing **partnerships** and providing **tailored support** to entrepreneurs and business owners disproportionately impacted by the pandemic.

“

Because of the pandemic, there are less customers who want to come to eat inside the restaurant. With the grant that you (BRC) helped me get, we paid our debts to strengthen our business finances.

Olivia Villaseñor, Olivia's Fine Foods

IMPACT ADVANCING CAREERS WITH WORKFORCE DEVELOPMENT

Partnering with local organizations for an **equitable economic recovery** and robust workforce.

Expanding our CBO network, currently soliciting for workforce development programming to **support marginalized and underserved communities**.

INVESTMENT
\$9.7 million

in community stabilization and wellness

IMPACT HOUSEHOLD RELIEF AND RECOVERY

Focusing on communities **most impacted** by COVID-19, including people with disabilities, people of color, and older populations.

Improving **food access** and **housing stability** for seasonal farm workers and others.

Ensuring encampments are **safe and clean** for people experiencing homelessness.

IMPACT IMPROVING SOCIAL, PHYSICAL, AND ECONOMIC WELLBEING

Expanding **childcare, family support, and mental health services**.

Advancing equitable pandemic recovery: focusing on populations **disproportionately impacted** by the pandemic, including Black, Indigenous, and communities of color and low-income families.

INVESTMENT
\$1 million

in equity-centered engagement that builds upon other investments

IMPACT STRENGTHENED COMMUNITY PARTNERSHIPS

Centering **culturally specific communities** with leaders within the COVID-19 Racial Equity Advisory group.

Innovating engagement strategies with cities that **benefit community organizations**.

INVESTMENT
\$4.2 million

in continuous and dependable government services

IMPACT OPEN AND ACCESSIBLE FACILITIES AND SERVICES

Providing direct government service to community with **no gaps** in delivery.

Flexibly adapting to current needs and planning for **future investment**.
